Learning and Teaching Week – Scholarship and Learning Futures Program

1 – 5 February

2010

LEARNING AND TEACHING SUPPORT

Welcome to Learning and Teaching Week 2010

Learning & Teaching Week is held each year to celebrate excellence in practice and provide the opportunity to plan for professional development activities throughout the coming year.

For the first time sessions will be held across Fraser Coast, Springfield and Toowoomba Campuses. There are many opportunities for networking and many sessions held at Toowoomba will be broadcast to Fraser Coast and Springfield.

Registration: *Registrations for this workshop will be via the professional development online registration site.*

http://usqstudydesk.usq.edu.au/mod/vtme/whatson.php

Please note: *Learning &Teaching Week sessions begin with the prefix LTW10*

We look forward to seeing you there.

Jennifer Bundy *–Academic Professional Development Coordinator*

Sandra Moat *–Academic Professional Development Officer*

PROFESSIONAL DEVELOPMENT

Thursday 4th February

Time	Event and Venue		
9.00am – 9.30am	***Learning and Digital Futures*** ***Venue: Q501 9.00am – 3.30pm*** ***Professor Phil Candy - "Any Useful Statement about the Future Should At First Appear Ridiculous"*** *Professor Candy will first addresses the question of why we should bother about the future at all, before offering three different perspectives on futures and, specifically, why it is so fundamentally important to higher education. It then looks in depth at the strategy underway at the University of Southern Queensland, concluding that it is not about prediction but planning.*		
9.30am – 10.00am	***Dr Michael Sankey - Expected Benefits and Challenges of Incorporating Web 2.0 Technologies in a Futures Oriented Higher Education Context.*** *This session will provide a practical view of the expected benefits and challenges when incorporating new and emerging technologies into our course environments. After first exploring which factors are influencing our current shift in thinking about learning and teaching, this session will address the important role of an integrated Learning Management System and the pedagogical application of a suite of emerging technologies. It subsequently uses a series of case studies to support these propositions. Overall, this session will provide you with some very important take home tips and suggestions, as we look to apply a more futures orientated pedagogy to our practice at USQ.*	***Camtasia Relay*** *Venue: Q502* *Dr Birgit Loch*	***What is Second Life?*** *Venue: S107* *Lindy McKeown* *Jennifer Bundy*
10.00am – 10.30am	***Dr Peter Evans and Dr Michael Sankey - Horses for courses: discovering our current suite of technology enhanced learning tools and how best to use them.*** *This very practical session is designed to give you a leg-up onto how to integrate a consistent approach to using technology enhanced learning tools to support your teaching* • *Personal Learning Environments (PLE's) using ePortfolio* • *Where we are going with Virtual Classrooms (Wimba),* • *Lecture capture and pod casting* • *Special Moodle groups* • *e-marking tools,* • *Emerging Web2.0 tools and how we can integrate these, and* *Open forum discussion*	***Camtasia Studio*** *Venue: Q502 Dr Birgit Loch*
