

Get the TECe Edge

Enhance your final 6 - 18 months of study and future career, with our **TECe Edge** program. We'll set you up for success to have the best start to teaching!

We focus on future employment for you in **regional, rural, remote and high priority state schools** in Darling Downs South West, Central Queensland, North Queensland, Far North Queensland and West Moreton. If you're interested in any of these areas, **we'd love to support you in our program.**

To register your interest, email tece@kelvingrovesc.eq.edu.au with your name, university course, teaching areas, and graduation semester/year.

If you have any questions please feel free to email us anytime. We look forward to hearing from you soon!

So... what do we do?

Get the Edge with Mentorship

1. Classroom Immersion

Work with experienced teachers at a local partner school. Experience the start of the school year, enhancing your classroom processes, routines and pedagogy. **First 2 weeks of term 1 each year.**

2. TECE Director and HoM mentorship

We coach and mentor you through the final year of your education degree, to successfully transition you into employment as a strong Beginning Teacher.

Get the Edge with Professional Development

1. Weekly Masterclasses

Learn the hidden art of teaching and de-mystify your concerns and stressors. **1 hour per week - at Kelvin Grove, live via Zoom or recorded.**

2. Master Educators

Principals and teachers from across the state share their expertise, knowledge and wisdom.

3. Hot Topics for Teachers

Addressing emerging needs and challenges for teachers - from Behaviour Management to Planning a Term in 1 Hour

Get the Edge on employment

1. To your preferred location

We work with you to **find a 'best fit' location** for your final professional experience and employment.

2. To your final Professional Experience

We work with your university to facilitate your final professional experience in your preferred location of employment.

3. To secured employment

We work with you, partner schools and regions to help you secure employment after graduation.

This is all it takes to enhance your development as a teacher and de-stress you in your final 6-18 months of study
