Examiner: Sunil Bhaskaran

Moderator: Frank Young

SYNOPSIS

The purpose of this course is to give students an understanding of the public land administration and management systems that are emerging. The course will examine those systems which are potentially useful to the land information manager in order to facilitate better management and decision making. Topics to be covered include information systems, land information and management, land registration and cadastral systems, natural resource and environmental information systems, ownership and rights of land related data, Land Information Systems (LIS) and local government, accessing land related data, economics of land-related data, and case studies.

OBJECTIVES

On completion of this course, students should be able to:

- understand the principles of information management and information systems;
- be aware of information systems development life cycle;
- understand the ownership, copyright and costs of land related data;
- understand the role of LIS in local government;
- be familiar with land related data associated with land registration and cadastral systems;
- be familiar with land related data associated with natural resources and environmental management;
- understand operations of land registration systems;
- be familiar with the land related data held by private and public organisations;
- access land related data for projects;
- be aware of some case studies of land administration systems in government agencies.

TOPICS

Description	Weighting (%)
1. Concepts of information systems, information systems management and development life cycle	10.00
2. Land information and management systems	10.00
3. Land registration and cadastral systems	10.00
4. Natural resources and environmental information systems	10.00
5. Role of surveying and mapping in Land Information Systems (LIS)	10.00
6. Land Information Systems (LIS) and Local Government	10.00
7. Ownership and rights of land related data	10.00
8. Accessing land related data from local, state and federal bodies.	10.00
9. Economics of land management systems	10.00
10. Case studies of various land administration systems	10.00

TEXT and MATERIALS required to be PURCHASED or ACCESSED:

Books can be ordered by fax or telephone. For costs and further details use the 'Book Search' facility at <http://bookshop.usq.edu.au> by entering the author or title of the text.

GIS2403 Land Management Systems External Study Package, USQ Publication,

REFERENCE MATERIALS

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

Dale, P. & McLaughlin, J. 1988, *Land Information Management*, Clarendon Press, Oxford.

Korte, G. B. 1997, *The GIS Book*, Onword Press, Santa Fe.

STUDENT WORKLOAD REQUIREMENTS

ACTIVITY	HOURS
Examinations	2
Lectures	26
Private Study	41
Report Writing	60
Tutorial	26

ASSESSMENT DETAILS

Description	Marks Out of	Wtg(%)	Required	Due Date
ASSIGNMENT 1	250.00	25.00	Y	01 Sep 2003
ASSIGNMENT 2	250.00	25.00	Y	13 Oct 2003
2 HOUR CLOSED EXAMINATION	500.00	50.00	Y	END S2 (see note)

NOTES:

- Student Administration will advise students of the dates of their examinations during the semester.

IMPORTANT ASSESSMENT INFORMATION

- Attendance requirements:**
It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- Requirements for students to complete each assessment item satisfactorily:**
To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available (or at least a grade of C-) for each assessment item.
- Penalties for late submission of required work:**
If students submit assignments after the due date without prior approval then a penalty of 20% of the total marks available for the assignment will apply for each working day late.
- Requirements for student to be awarded a passing grade in the course:**
To be assured of receiving a passing grade a student must achieve at least 45% in each of the summative assessments and at least 50% of the available weighted marks for the summative assessment items.
- Method used to combine assessment results to attain final grade:**
The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.
- Examination information:**
In a Closed Examination, candidates are allowed to bring only writing and drawing instruments into the examination.
- Examination period when Deferred/Supplementary examinations will be held:**
Any Deferred or Supplementary examinations for this course will be held during the examination period at the end of the semester of the next offering of this course.
- University Regulations:**
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might

contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/SECARIAT/calendar/Part5/> or in the printed version of the current USQ Handbook.

ASSESSMENT NOTES

- 1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner.
- 2 Students must retain a copy of each item submitted for assessment. This must be despatched to USQ within 24 hours if required by the Examiner.
- 3 In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the examiner of a course may grant an extension of the due date of an assignment in extenuating circumstances.
- 4 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media.
- 5 The Faculty will NOT accept submission of assignments by facsimile.
- 6 Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements.
- 7 In the event that a due date for an assignment falls on a local public holiday in their area, such as a Show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the Examiner's convenience.
- 8 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.
- 9 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination; IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).
