## Course specification

### Description: Health in Early Childhood

Subject	Cat-nbr	Class	Term	Mode	Units	Campus
ECE	1006	31287	1, 2004	ONC	1.00	TWMBBA

<b>Academic group:</b>	FOEDU
<b>Academic org:</b>	FOE004
<b>Student contribution band:</b>	1
<b>ASCED code:</b>	070101

### STAFFING

Examiner: Lyn Bower

Moderator: Di Small

### RATIONALE

Creating and maintaining healthy safe environments for young children is one of the most important tasks facing the early childhood educator today. It is important that early childhood educators, who are often responsible for the care and education of young children from birth, understand the importance of maintaining healthy environments and are capable of planning and implementing appropriate health and nutrition programs for all children birth-8 years. Educators must also be aware of the importance of establishing a healthy lifestyle while promoting preventative and educational programs for families.

### SYNOPSIS

This course will identify and inform the educator of the wide variety of health issues, policies and procedures that impact on the provision of programs for young children. It will focus on issues relating to the health of the educator, child and family and the establishment and maintenance of healthy and safe environments. It will also focus on the development of skills to enable students to make informed decisions on the wide variety of advice offered to the general community and families. Disclaimer This course is designed to inform the student about medical conditions, both care and prevention, and the nutritional needs of young children and families. It encourages the students to seek further information from appropriate sources. This course will in no way equip students with the knowledge to diagnose or give advice other than promotion of healthy lifestyles and referral.

### OBJECTIVES

On successful completion of this course students will:

- be familiar with the regulations and accreditation in Day Care and other Early Childhood services relating to Health, Safety and Nutrition;

- be able to create and maintain a healthy and safe physical and emotional environment for young children;
- be able to identify and respond to important issues in the area of Health Education including common infectious diseases, AIDS, the abuse of children, hospitalisation, and nutritional requirements;
- be capable of creating Protective Behaviour Programs in relation to child abuse;
- be aware of the importance of balanced nutrition programs for young children and be competent at designing interesting and appropriate nutritional programs;
- be aware of the importance of establishing, maintaining and promoting a healthy lifestyle for educators and the general community;
- be aware of international and cultural perspectives and differences in addressing health issues;
- be aware of parents' rights and choices that pertain to the treatment and care of their children;
- be aware of legal issues relating to all aspects of children's health;
- be familiar with administrative decisions, policies and procedures that relate to maintaining a healthy environment;
- be able to use and access a wide variety of reference sources and information including web-based materials;
- be able to critically analyse the wide range of resources and popular medical and nutritional information.

## TOPICS

Description	Weighting (%)
1. The importance of the health and safety of the educator	10.00
2. Regulations and accreditation standards	5.00
3. Infectious diseases	10.00
4. Hygiene practices and requirements for prevention of illness, disease and infestations	15.00
5. Creating and maintaining safe physical environments for young children	10.00
6. Creating and maintaining safe emotional environments for young children	10.00
7. Child abuse and protective behaviour programs for children and families	10.00
8. The importance of providing nutrition programs for young children and families	15.00
9. Food handling procedures	5.00
10. Legal and administrative issues, policies and procedures for early childhood educators	10.00

## **TEXT and MATERIALS required to be PURCHASED or ACCESSED:**

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at <http://bookshop.usq.edu.au> click 'Semester', then enter your 'Course Code' (no spaces).

## **STUDENT WORKLOAD REQUIREMENTS:**

ACTIVITY	HOURS
Assessment	50.00
Directed Study	25.00
Lectures	26.00
Private Study	51.00
Tutorial	13.00

## **ASSESSMENT DETAILS**

Description	Marks out of	Wtg(%)	Due date
ASSIGNMENT	999.00	30.00	15 Apr 2004 (see note 1)
TUTORIAL PARTIC & TASKS	999.00	20.00	17 May 2004
EXAM	999.00	50.00	END S1 (see note 2)

**NOTES:**

1. 999 indicates that this course will be graded using one of the following letter grades: HD, A, B, C, F, or Incomplete. Plus and minus may be used with each of these letter grades.
2. Examination timetable will be available during semester.

**IMPORTANT ASSESSMENT INFORMATION**

- 1 Attendance requirements:  
It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:  
To complete each of the assignments satisfactorily, students must obtain at least a grade of C- for each assignment .
- 3 Penalties for late submission of required work:  
If assignments are submitted after the due date without an approved extension of time, University penalties may be applied.
- 4 Requirements for student to be awarded a passing grade in the course:  
(b) To be assured of a passing grade, students must demonstrate, via the summative assessment items, that they have achieved the required minimum standards in relation to the objectives of the course by: (i) satisfactorily completing the examination and assignments; and (ii) obtaining at least 50% of the total weighted marks available for all summative assessment items.
- 5 Method used to combine assessment results to attain final grade:  
The final grades for students will be assigned on the basis of the weighted aggregate of the grades obtained for each of the summative assessment items in the course.
- 6 Examination information:  
(b) In a Closed Examination, candidates are allowed to bring only writing and drawing instruments into the examination."
- 7 Examination period when Deferred/Supplementary examinations will be held:  
(c) Any Deferred or Supplementary examinations for this course will be held in the fourth week of the semester following this course offering and the examiner will advise students involved in writing of the date time and location of any such examination.
- 8 University Regulations:  
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook.

## **ASSESSMENT NOTES**

- 1 1. Letter grades will be used for summative assessment items in this course. 2. Students must retain a copy of each item submitted for assessment. This must be produced if required by the Examiner. 3. In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the examiner of a course may grant an extension of the due date of an assignment in extenuating circumstances. 4. The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media. 5. The Faculty will NOT accept submission of assignments by facsimile.
