RATIONALE

Education involves, in part, the transmission of the culture of a society. Australian society is fortunate in that it supports a variety of cultural groups, each with its own system of beliefs, ways of doing things and ways of communicating (Department of Education, Queensland, 1:94). Furthermore, Australia has two cultural groups, which can claim Indigenous status - the Australian Aborigines and the peoples of Torres Strait. All Australians need to have an understanding and appreciation of the diversity of cultures within Australia and how they interact. Hence, a study of Torres Strait Islander cultures and societies, because of their uniqueness and diversity in comparison to Aboriginal culture and societies, provides an avenue for the development and consolidation of an understanding and appreciation of all peoples, their cultures and societies. The course has three major categories that have been developed from a central core. The core is the presentation of knowledge and experiences through Torres Strait Islander perspectives and viewpoints. In so doing concepts may be presented in a manner that differs from the learner's understanding. The aim of presenting a Torres Strait Islander perspective is to correct the imbalance in knowledge and understanding of Australia's history and Indigenous groups, which has predominated since invasion.

SYNOPSIS

The content and structure of the course emphasize the need for students to adopt a greater educational stance and understanding in the area of Torres Strait Island Studies. Hence, the course seeks to broaden the awareness of students of the Torres Strait Islands and its peoples on the basis of a knowledge and understanding of, and empathy towards, those people who are the original inhabitants of the Torres Strait. Throughout the course, four major dimensions will be explored: The history and colonisation of the Torres Strait, Torres Strait Islander

social, economic and legislative-political structures, Policies and practices in relation to education for Torres Strait Islander peoples, Significant Torres Strait Island cultures: customs, languages, protocols, and the Arts.

OBJECTIVES

On successful completion of this course students will be able to:

2. Respect and understand Torres Strait Islander peoples' lifestyles and attitudes
