It is the student's responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:

To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available for each assessment item.

- 3 Penalties for late submission of required work:
If students submit Dissertations/Projects after the due date without prior approval or documented medical circumstances, then a fail grade will be given.
- 4 Requirements for student to be awarded a passing grade in the course:
To be assured of a passing grade, students must meet the requirements of designated examiners.
- 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.
- 6 Examination information:
There is no exam for this course.
- 7 Examination period when Deferred/Supplementary examinations will be held:
Given the details under (6) above, there are no deferred exams for this course. However, if any deferred/makeup work is granted, it would have to be submitted by a date set by the examiner.

ASSESSMENT NOTES

An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study. (b) Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or sit for an examination at the scheduled time, may apply to defer an assessment in the course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded: IDS (Incomplete - Deferred Examination; IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).
- 10 Students are strongly advised to maintain regular contact with their supervisor.

OTHER REQUIREMENTS

- 1 The sequential nature of studio work coupled with Workplace Health & Safety considerations make it essential that students attend classes in order to fulfil course objectives in a systematic, safe and professional manner. Students who miss more

than two workshops may be putting themselves and others at risk and will be asked to provide appropriate medical or relevant certification.

- 2 Students must pass all assessment requirements. At this stage of the program an IM will not be granted.
 - 3 End of semester assessment will be by a panel of Visual Arts staff. All marks will be averaged during moderation and the result expressed as HD, A, B, C or F according to USQ guidelines.
