

## Course specification

<b>Description: Surveying A</b>						
Subject	Cat-nbr	Class	Term	Mode	Units	Campus
SVY	1102	40865	1, 2005	ONC	1.00	Toowoomba

<b>Academic group:</b>	FOENS
<b>Academic org:</b>	FOES05
<b>Student contribution band:</b>	2
<b>ASCED code:</b>	031101

### STAFFING

Examiner: Shane Simmons  
Moderator: Kevin McDougall

### SYNOPSIS

Surveying is the science of measuring and mapping features on the earth's surface. The mapping of features is an important step for the transformation of ideas into reality for projects that require land to be developed. The services of Surveyors are required at all stages for new construction projects and land developments. This course introduces students to surveying equipment, services, theory, measurement techniques and calculations.

### OBJECTIVES

On completion of this course, students should be able to:

1. express a broad understanding of surveying theory and its application;
2. describe a range of surveying field practices;
3. demonstrate and apply angular measurement methods;
4. demonstrate and apply distance measurement methods;
5. demonstrate and apply survey adjustment techniques to data from a survey traverse;
6. solve plane coordinate problems;
7. solve area and volumetric problems;
8. use an automatic level to undertake a level traverse and correctly reduce the data.

### TOPICS

	Description	Weighting (%)
1.	Basic Principles of Surveying Theory	12.00
2.	Trigonometric Functions	12.00
3.	Plane Coordinate Calculations	12.00
4.	Levelling	12.00
5.	Distance Measurement	12.00

6.	Angular Measurement	12.00
7.	Traversing and traverse computations/adjustments	12.00
8.	Aerial & Volumetric Calculations	12.00
9.	Minor Equipment	4.00

### **TEXT and MATERIALS required to be PURCHASED or ACCESSED**

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at <http://bookshop.usq.edu.au> click 'Semester', then enter your 'Course Code' (no spaces).

*SVY1102 Surveying A Study Books 1 and 2*, USQ Publication, Toowoomba, Qld Australia.

Scientific Calculator

### **REFERENCE MATERIALS**

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

Bannister, A. & Raymond, S. 1998, *Surveying*, 7th edn, Longman Scientific and Technical,

McCormac, J. C. 1999, *Surveying*, 4th edn, Prentice Hall, New Jersey.

Uren, J. & Price. 1994, *Surveying for Engineers*, 3rd edn, MacMillan. Basingstoke, England.

Wolf, P. R. & Ghilani, C. D. 2002, *Elementary Surveying: An Introduction to Geomatics*, 10th edn, Prentice Hall, New Jersey.

### **STUDENT WORKLOAD REQUIREMENTS**

ACTIVITY	HOURS
Examinations	4.00
Lectures	52.00
Private Study	79.00
Report Writing	20.00

## ASSESSMENT DETAILS

Description	Marks out of	Wtg(%)	Due date
TEST 1	100.00	10.00	26 Apr 2005
ASSIGNMENT 1	100.00	10.00	30 May 2005
3 HOUR RESTRICTED EXAMINATION	800.00	80.00	END S1 (see note 1)

### NOTES

1. Student Administration will advise students of the dates of their examinations during the semester.

## IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:  
It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:  
To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available (or at least a grade of C-) for each assessment item.
- 3 Penalties for late submission of required work:  
If students submit assignments after the due date without prior approval then a penalty of 15% of the total marks available for the assignment will apply for each working day late.
- 4 Requirements for student to be awarded a passing grade in the course:  
(i) To be assured of receiving a passing grade a student must submit all of the summative assessment items, achieve at least 45% in the examination and at least 50% of the available weighted marks for the summative assessment items. (ii) Students who do not qualify for a Passing grade may, at the discretion of the Examiner, be assigned additional work to demonstrate to the Examiner that they have achieved the required standard. It is expected that such students will have gained at least 45% of the total marks available for all summative assessment items.
- 5 Method used to combine assessment results to attain final grade:  
The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.
- 6 Examination information:  
In a Restricted Examination, candidates are allowed access to specific materials during the examination. The only materials that candidates may use in the restricted examination for this course are: writing materials (non-electronic and free from material which could give the student an unfair advantage in the examination); handheld battery powered programmable calculators (students must indicate on their examination paper the make and model of any calculator(s) they use during the examination).
- 7 Examination period when Deferred/Supplementary examinations will be held:  
Any Deferred or Supplementary examinations for this course will be held during the examination period at the end of the semester of the next offering of this course.

- 8 University Regulations:  
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook.

## **ASSESSMENT NOTES**

- 1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner.
- 2 Students must retain a copy of each item submitted for assessment. This must be produced within five days if required by the Examiner.
- 3 In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the examiner of a course may grant an extension of the due date of an assignment in extenuating circumstances.
- 4 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media.
- 5 The Faculty will NOT accept submission of assignments by facsimile.
- 6 Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements.
- 7 In the event that a due date for an assignment falls on a local public holiday in their area, such as a Show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the Examiner's convenience.
- 8 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded one of the temporary grades: IM (Incomplete - Make up), IS (Incomplete - Supplementary Examination) or ISM (Incomplete -Supplementary Examination and Make up). A temporary grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non directed personal study.
- 9 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination; IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

## **OTHER REQUIREMENTS**

- 1 Students need to use a Scientific Calculator.
-
