RATIONALE

In keeping with the emergent curriculum that typifies early childhood education, multilevel education is based on a learning environment where the stage of development and individual differences of each child are placed at the centre of the curriculum. Whether in a single-grade classroom or an integrated P-3 small rural setting, catering for individual needs in a context of social interaction forms the foundation of a multilevel learning community. In order to be responsive to a multilevel learning framework it is important for pre-service teachers to develop a philosophy and methodology consistent with early childhood principles that translate into effective decision making.

SYNOPSIS

In light of P-3 curriculum documents, this course will explore individual and group management in multilevel learning environments. Accessing appropriate resources (including human, material and web-based) and the development of community partnerships (including rural school and classroom settings) will be highlighted. The ideals of early childhood philosophy and methodology will be revisited in order to effectuate professional decision making in organising a creative learning environment, developing assessment tools and curriculum design. A teaching practicum experience will constitute the culmination of the course. This course emphasises literacy correctness in all its forms. **IMPORTANT NOTE:** Working with Children: State law in Queensland requires that all adults (including university students, pre-service educators, trainers, vocational teachers, industry educators) working with children under the age of 18, in the State of Queensland*, obtain approval before commencing such work. Many education courses include a practical component (professional experience, project work, research, assessment etc.) that may require engagement with children under the age of 18. It is your

responsibility to ensure that you possess a current suitability card (Blue Card) before commencing any practical components of this course. **DO NOT PARTICIPATE IN ANY PRACTICAL EXPERIENCE WITH CHILDREN UNDER 18 UNLESS YOU POSSESS A CURRENT 'BLUE CARD'**. For further information:

NOTES

1. The test will be conducted during the end-of-semester examination period. Dates will be advised during semester.
2. Refer to the Professional Experience timetable for Professional Experience dates for this course. A Value of 1 indicates you have passed the Professional Experience component. Zero indicates you have not passed the Professional Experience component.

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:
 - (b) It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration. Students must complete 100 days of Professional Experience as partial fulfilment of the Board of Teacher Registration/Department of Families requirements for registration. To ensure that students can satisfy the objectives of the Professional Experience component of the course, attendance and active participation in lectures and tutorials in this course prior to undertaking Professional Experience is highly recommended. Students should demonstrate a professional attitude and commitment by attendance at and participation in at least 80% of scheduled classes.
- 2 Requirements for students to complete each assessment item satisfactorily:
 - (b) To complete each of the assignments satisfactorily, students must obtain at least 50% of the marks available for each assignment and must demonstrate their ability to write clearly, grammatically correctly and with accurate spelling and punctuation.
- 3 Penalties for late submission of required work:

If students submit an assignment after the due date without prior approval then a penalty of 10% of the total marks available for the assignment will apply for each working day late.
- 4 Requirements for student to be awarded a passing grade in the course:

To be assured of receiving a passing grade a student must achieve at least 50% in each of the summative assessments and at least 50% of the available weighted marks for the summative assessment items.
- 5 Method used to combine assessment results to attain final grade:
 - (a) The final grades for students will be assigned on the basis of the weighted aggregate of the marks obtained for each of the summative assessment items in the course.
- 6 Examination information:
 - (e) There is no examination in this course.
- 7 Examination period when Deferred/Supplementary examinations will be held:

(c) Any Deferred or Supplementary examinations for this course will be held in the fourth week of the semester following this course offering and the examiner will advise students involved in writing of the date time and location of any such examination.

8 University Regulations:

Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook.
