RATIONALE

This course should be undertaken by students enrolled in the Bachelor of Education (Further Education and Training) during their final year of study. It represents a 'capstone' course in the student's Professional Studies Option, to allow the synthesis into professional practice of the knowledge, skills and attitudes developed in each strand of their program of study.

SYNOPSIS

In this course, students will, under guidance of a member of staff, pursue and report upon an in-depth project related to their Professional Studies Option. Whilst the type of study need not necessarily involve the design of an instructional program or the conducting of research, students will be required to engage in a critical review of literature pertaining to their topic and an investigative or design component in which they seek to integrate theory and practice in the design, implementation and reporting of their project. NOTES: 1. Students undertaking this course as part of the Bachelor of Education (Further Education and Training) with the intention of Seeking Teacher Registration in Queensland must focus their work in this course on an instructional project or on a project directly related to an issue or development in curriculum or instruction in the formal education system. 2. Irrespective of the nature of the project undertaken, students will be required to provide evidence of maintenance of current competence in actual instructional activities undertaken during the period of their enrolment in this course. IMPORTANT NOTE: Working with Children: State law in Queensland requires that all adults (including university students, pre-service educators, trainers, vocational teachers, industry educators) working with children under the age of 18, in the State of Queensland*, obtain approval before commencing such work. Many education courses include a practical component (professional experience, project work, research, assessment etc.) that may require engagement

with children under the age of 18. It is your responsibility to ensure that you possess a current suitability card (Blue Card) before commencing any practical components of this course. **DO NOT PARTICIPATE IN ANY PRACTICAL EXPERIENCE WITH CHILDREN UNDER 18 UNLESS YOU POSSESS A CURRENT 'BLUE CARD'**.
