SYNOPSIS

The course introduces students to the accounting process. This includes the environment of accounting, the accounting elements, transaction recognition and recording and the financial report presentation. Particular emphasis is placed on the recording measurement and control of the major asset groups and the identification, function and measurement of liabilities and owners' equity. The basic accounting process is then applied to a variety of reporting entity activities and owners' equity structures. Finally, the accounting process is extended to cash flow statements and the techniques of analysing and interpreting the information displayed in accounting reports.

OBJECTIVES

The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parentheses after each objective. On successful completion of this course, students should be able to:

1. demonstrate a knowledge of the environment of accounting, the assumptions which underlie the accounting process and the current regulatory processes in operation (Assignment 1, Assignment 2, Examination)
2. define the separate elements in the accounting equation and be able to classify accounts by element type (Assignment 1, Assignment 2, Examination)
3. analyse a range of basic business transactions in relation to their effects on the accounting equation and identified individual accounts (Assignment 1, Assignment 2, Examination)
4. compare and contrast the alternative transaction recognition criterion and identify the essential components of the cash and accrual systems (Assignment 1, Assignment 2, Examination)
5. process period end 'cash/accrual' adjustments utilising both the worksheet and also the formal recording system (Assignment 1, Assignment 2, Examination)

6. prepare classified financial reports (balance sheet; profit and loss) consistent with the relevant professional and statutory requirements (Assignment 1, Assignment 2, Examination)
7. analyse each major asset type (cash; accounts receivable; inventories; property, plant and equipment; investments and intangibles) in terms of being able to: (a) implement transaction recording and reporting alternatives (b) explain the financial significance of the magnitudes reported (c) identify professional and statutory requirements (d) discuss the necessary accounting and administrative controls (Assignment 1, Assignment 2, Examination)
8. analyse the major equity accounts/current liabilities, non-current liability, owner's equity contributed; owner's equity retained; revenues; expenses; distributions in terms of being able to: (a) explain the differences between each class (b) classify accounts to each category (c) review the underlying assumptions and recognition criterion (d) identify relevant regulation related to the recognition and reporting practices (e) practically demonstrate a knowledge of the relevant calculations, transaction entries and reporting formats for a sample set of financial data in conformity with regulatory or professional requirements (Assignment 1, Assignment 2, Examination)
9. compare and contrast the alternative reporting entity structures in terms of: (a) distinguishing characteristics (b) regulatory requirements for transaction processing and reporting (c) potential advantages and disadvantages (Assignment 1, Assignment 2, Examination)
10. demonstrate a knowledge of the procedures appropriate for accounting for partnerships (Assignment 1, Assignment 2, Examination)
11. prepare cash flow statements in accordance with the accounting standards and discuss the significance of the disclosed operating, investing and financing cash flows (Assignment 1, Assignment 2, Examination)
12. analyse basic financial reports using both index and ratio techniques in relation to both conventional report data and market disclosures and interpret the results of that analysis (Assignment 1, Assignment 2, Examination).

NOTES

1. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:
If you are an international student in Australia, you are advised to attend all classes at your campus. For all other students, there are no attendance requirements for this course. However, it is the students' responsibility to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:
To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)
- 3 Penalties for late submission of required work:
If students submit assignments after the due date without prior approval then a penalty of 20% of the total marks gained by the student for the assignment will apply for each working day late.
- 4 Requirements for student to be awarded a passing grade in the course:
To be assured of receiving a passing grade a student must submit all of the weighted assessment items, achieve at least 50% in the examination, and at least 50% of the total weighted marks available for the course.
- 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.
- 6 Examination information:
This is a restricted examination. Candidates are allowed access to specific materials during the examination. The only materials that candidates may use in the restricted examination for this course are: writing materials (non-electronic and free from material which could give the student an unfair advantage in the examination); calculators which

cannot hold textual information (students must indicate on their examination paper the make and model of any calculator(s) they use during the examination); English translation dictionaries (but not technical dictionaries).

- 7 Examination period when Deferred/Supplementary examinations will be held:
Any Deferred or Supplementary examinations for this course will be held during the next examination period.
- 8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm>. Students should also read the Faculty of Business Guide to Policies and Procedures of the Faculty which can be found at the URL <http://www.usq.edu.au/handbook/current/buspolproc.html>.

ASSESSMENT NOTES

- 1 Assignments: (i) The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner. (ii) Students must retain a copy of each assignment submitted for assessment. This must be produced within 24 hours if required by the Examiner. (iii) In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the Examiner may grant an extension of the due date of an assignment in extenuating circumstances. If students submit assignments after the due date and wish to claim extenuating circumstances then they shall provide validated documentary evidence with the assignment, explaining the circumstances. The Examiner shall consider the statement accompanying a late assignment and decide on the outcome. (iv) Assignments are to be submitted in the appropriate assignment folders. (v) The Examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (vi) The Examiner will not accept submission of assignments by facsimile. (vii) Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the Examiner to negotiate such special arrangements. (viii) In the event that a due date for an assignment falls on a local public holiday in their area, such as a Show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the Examiner's convenience.
- 2 Course weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper. The examination may test material already tested in assignments.
- 3 Dishonest actions: (i) Any student who is alleged to have performed a dishonest action relating to any assessment in the course will have a course of action taken against him/her as outlined in the Academic Regulations. (ii) Pieces of assessment should be the work of individual students. Joint pieces of assessment are not permitted unless written approval has been obtained from the Examiner. (iii) Dishonest action in relation to assessment includes: copying or attempting to copy the work of others; use of or attempting to use information prohibited from use in that form of assessment; submitting the work of another as your own; consciously committing acts of plagiarism, that is, taking and using another's thoughts or writings as one's own with intent to deceive, which occurs when paragraphs, sentences, a single sentence or significant parts of a sentence which are copied directly, are not enclosed in quotation marks and appropriately footnoted or referenced in the text; direct quotations are not used, but text is paraphrased

or summarised, and the source of the material is not acknowledged by footnoting or other reference in the text.
