RATIONALE

Teacher education programs only succeed in graduating 'beginning teachers'. It is therefore important that students at this stage of their 'beginning teacher' preparation are exposed to the variety and complexity of the teaching/learning context, as it applies to the classroom, the school and the professional environment.

SYNOPSIS

This course provides the opportunity for students to experience continuous teaching and learning activities and professional responsibilities that will enable them to realistically develop an embryonic understanding of teaching in the contemporary context. There will be significant emphasis placed on the total teaching experience, including dealing with multiple and sometimes conflicting roles, accountability, professionalism, rights and responsibilities, ethics, curriculum analysis and change, and conflict resolution.

OBJECTIVES

The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parenthesis. On completion of this course, students should be able to demonstrate the emerging professional competencies of;

1. effective, diverse and continuous planning, implementation and evaluation strategies and techniques, including techniques related to self improvement as a beginning teacher (Assessments 1 and 2)
2. effective interpersonal communication skills with children, colleagues, parents and the wider community (Assessments 2 and 3)
3. flexibility, especially in terms of the professional practices in which they engage (Assessment 4)
4. developing appreciation of difference and diversity, as these issues confront them on a daily basis (Assessments 2 and 3)
5. ethical practice and accountability, and the ability to effectively rationalise these processes and practices (Assessments 2 and 4)
6. appropriate conflict resolution strategies applicable to a variety of educational situations (Assessment 4)

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:
It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration. Students must complete 25 days of scheduled professional experience as partial fulfillment of Board of Teacher Registration requirements. Students are encouraged to participate in the 20 April seminar day.
- 2 Requirements for students to complete each assessment item satisfactorily:
To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available for each assessment item. To complete the professional experience satisfactorily the student's performance must be deemed 'successful' by the mentor and course examiner.
- 3 Penalties for late submission of required work:
If students submit assignments after the due date without prior approval then a penalty of 10% of the total marks gained by the student for the assignment will apply for each working day late.
- 4 Requirements for student to be awarded a passing grade in the course:
To be assured of receiving a passing grade in the course a student must complete and submit all of the summative assessment items; complete all professional experience requirements successfully; attain a passing grade or equivalent mark in at least two of the three coursework assessment items; and achieve at least 50% of the total weighted marks available for the course. Normally, there will be no opportunity for the resubmission of failed or unsatisfactory items of assessment. Students who do not achieve a passing grade in the course, may be eligible for supplementary assessment in the following circumstances: where the professional experience requirements constitute the only assessment item not completed satisfactorily; or where the professional experience requirements were completed satisfactorily, and (i) at least two of the three Pass Rules were satisfied, and (ii) a minimum of 40% of the available marks were attained for the failed item.
- 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the weighted aggregate of the marks obtained for each of the summative assessment items in the course.
- 6 Examination information:
There is no examination in this course.
- 7 Examination period when Deferred/Supplementary examinations will be held:
There will be no Deferred or Supplementary examinations in this course.
- 8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene

University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook.

ASSESSMENT NOTES

- 1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner.
- 2 Students must retain a copy of each item submitted for assessment. This must be produced within twenty-four (24) hours of receipt of request being made by the examiner. The student must retain this copy until the grade for this course has been finalised.
- 3 In accordance with the University's assignment extension policy (Regulation 5.6.1), the examiner may grant an extension of the due date of an assignment in extenuating circumstances.
- 4 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media. The Faculty will NOT accept submission of assignments by facsimile. Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements.
- 5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.
- 6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete - Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).
- 7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.
- 8 Marking criteria are provided in course material as mark sheets/guides or as part of assignment specifications.
- 9 Each item of assessment must be submitted, all professional experience requirements must be successfully completed, a passing grade or equivalent mark in at least three of the four coursework assessment items must be attained and a minimum of 50% of the total marks available for assessment in the course must be achieved.
- 10 Summative assessment items will receive a numerical score. Any ungraded assessment requirement will receive a Pass, Fail or Incomplete.
- 11 Students must successfully complete the professional experience component and the academic component to pass this course. In order to be eligible to commence the professional experience component, students must demonstrate satisfactory progress in all coursework assessment items prior to the professional experience.
- 12 All students must hold a current "blue card" issued by the Commission for Children and Young People indicating their suitability for working with children as a prerequisite for undertaking the professional experience component of this course. No student may commence any professional experience activity before they have presented the current

card to Professional Experience Unit personnel. Information on the requirements and associated processes may be found at <http://www.usq.edu.au/education/profexp/default.htm>
