SYNOPSIS

This course focuses on the provision and use of management accounting information for planning, control and decision making. The course encourages an understanding of the management accounting function within an organisation by taking a business value chain perspective. The process of budgeting (operational and financial) and standards as an aid to management in planning and controlling business activities is explored. Also included is an analysis of cost behaviour, absorption and variable costing, a study of the principles of job and process costing systems, the application of activity based costing, as well as other facets of management accounting which support decision making.

OBJECTIVES

The course objectives define the student learning outcomes for a course. On successful completion of this course, students should be able to:

1. understand the role of management accounting in the management process
2. analyse cost behaviour, and cost-volume-profit relationships
3. understand the issues and techniques associated with cost allocation generally and activity based costing principles and techniques in particular

4. accumulate costs for (and determine the costs of) products/services in job and process cost environment
5. prepare operating and financial budgets and appreciate behavioural factors associated with budgeting
6. guide the development of standard costs and compute variances for management control reports
7. understand variable and absorption costing principles, and prepare income statements in accordance with those principles
8. determine and analyse relevant information for management decision making.

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:

- It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:
To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)
 - 3 Penalties for late submission of required work:
If students submit assignments after the due date without prior approval of the examiner, then a penalty of 5% of the total marks gained by the student for the assignment may apply for each working day late up to ten working days at which time a mark of zero may be recorded.
 - 4 Requirements for student to be awarded a passing grade in the course:
To be assured of receiving a passing grade a student must achieve at least 50% of the total weighted marks available for the course.
 - 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.
 - 6 Examination information:
This is an open examination. Candidates may have access to any material during the examination except the following: electronic communication devices (eg mobile telephones, pagers), bulky materials, devices requiring mains power and material likely to disturb other students.
 - 7 Examination period when Deferred/Supplementary examinations will be held:
Any Deferred or Supplementary examinations for this course will be held during the next examination period.
 - 8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6 Assessment, and 5.10 Student Academic Misconduct for further information and to avoid actions which might contravene university regulations. These regulations can be found at <http://www.usq.edu.au/corporateservices/calendar/part5.htm>. Students should also read the Faculty of Business Policies and Procedures which can be found at <http://www.usq.edu.au/business/aboutfob.htm>.

ASSESSMENT NOTES

- 1 Assignments: (i) The due date for an assignment is the date by which a student must submit the assignment to the USQ. Students must retain a copy of each assignment submitted for assessment. This must be produced within 24 hours if required by the examiner. (ii) In accordance with university policy, the examiner may grant an extension of the due date of an assignment in extenuating circumstances. (iii) The examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (iv) The examiner will not accept submission of assignments by facsimile. (v) In the event that a due date for an assignment falls on a local public holiday in their area, such as a show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the examiner's convenience. (vi) Assignments are to be submitted with the appropriate assignment cover.

- 2 Course weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper. The examination may test material already tested in assignments.
- 3 Deferred work: Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded: IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

OTHER REQUIREMENTS

- 1 Computer/Software requirements are outlined in the Introductory Book for external students or will be outlined in the initial lecture for on-campus students.
