OTHER REQUISITES

State law in Queensland (Australia) requires that all adults working/undertaking professional experience/researching with children under the age of 18, in the state of Queensland are required to possess a current suitability card (Blue Card). (See "Other Requirements" for further information.) Also see: <http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html>.

RATIONALE

The experience and use of raw materials is at the core of children's early experience and the development of surface texture and print, and a range of 2 and 3 dimensional artistic forms such as drawing, print-making, carving and sculpting has allowed every culture to give voice to its identity. Teachers need to acquire the basic skills to manipulate raw materials using a range of artistic techniques in order to support children's exploration of self, story and culture.

SYNOPSIS

In this course students will be exposed to a range of printmaking media and techniques. The content covered will deal with relief, intaglio, stencil and planographic printing techniques that involve movement between three-dimensional and two-dimensional materials. As well, students will move through the stages of discovering form and understanding context in the process of manipulating objects in real space.

OBJECTIVES

The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parenthesis. On successful completion of this course students should be able to:

1. recognise the different effects produced when using a variety of printing media and appreciate the different qualities of raw materials and application for classroom use (Both assessment items)
2. develop some skill in using school printing techniques and three-dimensional media (Both assessment items)
3. produce a portfolio of experimental works based on a chosen theme (Assignment 1)
4. produce a major work demonstrating an ability to use printing and three-dimensional media and techniques (Assignment 2)
5. acquire historical and technical art knowledge sufficient for classroom teaching (Both assessment items)
6. demonstrate some critical and evaluative skills sufficient for classroom teaching. (Both assessment items)

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:
It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:
To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available for each assessment item.
- 3 Penalties for late submission of required work:
If students submit assignments after the due date without (prior) approval of the examiner then a penalty of 5% of the total marks gained by the student for the assignment may apply for each working day late up to ten working days at which time a mark of zero may be recorded. No assignments will be accepted after model answers have been posted.
- 4 Requirements for student to be awarded a passing grade in the course:
To be assured of receiving a passing grade a student must achieve at least 50% of the total weighted marks available for the course.
- 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the weighted aggregate of the marks or grades obtained for each of the summative assessment items in the course.
- 6 Examination information:
There is no examination in this course.
- 7 Examination period when Deferred/Supplementary examinations will be held:
There will be no Deferred or Supplementary examinations in this course.
- 8 University Regulations:

Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook. USQ Regulation 5.6 Assessment 5.6.10 Resubmission of Assessment Items states that, "...an examiner may permit students to resubmit an assignment that has received a failing grade or mark of less than 50%. If a student is permitted to resubmit a failed assignment, normally the only passing grade or mark allowable for the resubmitted assignment will be C- or 50% (as appropriate)." Students will be allowed to resubmit all marked/graded assessment items for re-assessment.

ASSESSMENT NOTES

- 1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner.
- 2 Students must retain a copy of each item submitted for assessment. This must be produced within twenty-four (24) hours of receipt of request being made by the examiner. The student must retain this copy until the grade for this course has been finalised.
- 3 In accordance with the University's assignment extension policy (Regulation 5.6.1), the examiner may grant an extension of the due date of an assignment in extenuating circumstances.
- 4 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media. The Faculty will NOT accept submission of assignments by facsimile. Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements.
- 5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.
- 6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete - Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).
- 7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.
- 8 Marking criteria are provided in course material as mark sheets/guides or as part of assignment specifications.
- 9 Summative assessment items will receive a numerical score. Any ungraded assessment requirement will receive a Pass, Fail or Incomplete.
- 10 Assessment instruments for this course could include any of the following if agreed or specified: folios, projects, journals, notated scores, video and tape recordings, researched essays, computer-generated presentations.
