Student contribution band:	2
ASCED code:	010199

RATIONALE

This course is part of a supervised research project which provides opportunities for motivated and highly qualified students to undertake advanced study and to produce a research-based dissertation. Students develop the appropriate research skills and specialist knowledge which will enhance their career prospects or allow them to undertake further studies. The emphasis of the programme is on developing the appropriate knowledge and skills to undertake independent research and professional practice.

SYNOPSIS

Full-time candidates undertaking Master of Science research in Mathematics should enrol in this course for the third and subsequent semesters of their candidature. This will normally be for a total of two semesters. The subject of their Research Project will be decided in consultation with their Project Supervisors and the Faculty of Sciences.
