

The University of Southern Queensland

Course specification

The current and official versions of the course specifications are available on the web at <http://www.usq.edu.au/coursespecification/current>.
Please consult the web for updates that may occur during the year.

Description: Enterprise Systems Development and Architecture

Subject	Cat-nbr	Class	Term	Mode	Units	Campus
CIS	3007	90368	2, 2009	EXT	1.00	Toowoomba

Academic group:	FOBUS
Academic org:	FOB005
Student contribution band:	2
ASCED code:	020103

STAFFING

Examiner: Srecko Howard
Moderator: Angela Howard

OTHER REQUISITES

Students who have not previously completed CIS3001 at USQ should have an equivalent experience or knowledge of object oriented programming preferably in Java. Students are required to have access to a personal computer, e-mail capabilities and Internet access to UConnect. Current details of computer requirements can be found at <http://www.usq.edu.au/ict/students/standards/default.htm>.

RATIONALE

Object oriented programming is becoming a widespread methodology for the development of business and Internet applications. This course extends your Java programming skills towards the design and development of distributed, Web based, enterprise object oriented systems. While these will involve learning a number of advanced Java technologies, the emphasis is still on the production of robust well-designed applications and components that meet industry requirements and standards.

SYNOPSIS

This course extends the basic skills taught in the introductory Java course to cover more advanced Java 2EE based technologies. Students will gain further experience in object oriented program design through the development of systems that exploit many leading-edge technologies and techniques (for example, Design Patterns, JavaBeans, JDBC, JAX, SOAP, Security, servlets, JSPs, EJBs). Case studies will be used to demonstrate the use of these features while developing practical design and programming skills that will provide a solid foundation for the future. This course will provide you with the skills to design and develop professional solutions to real business applications.

OBJECTIVES

On successful completion of this course, students should be able to:

1. apply advanced object-oriented programming and design techniques

2. demonstrate an understanding of technologies used in J2EE Enterprise applications
3. develop and utilise design patterns
4. develop distributed, Web-based, enterprise systems
5. develop and integrate reusable components
6. appreciate the process of developing applications for Intranet/Internet Environments.

TOPICS

	Description	Weighting (%)
1.	Design methodologies, design patterns, and development techniques	10.00
2.	Introduction to enterprise systems and Web applications	5.00
3.	Servlets and JSP	15.00
4.	JavaServer face technology	10.00
5.	Internationalization and localization	5.00
6.	Web services (JAX-WS, XML, SOAP)	15.00
7.	Enterprise beans	10.00
8.	Persistence (database, query language)	10.00
9.	Services (security, JMS, transactions, JNDI)	15.00
10.	Case studies	5.00

TEXT and MATERIALS required to be PURCHASED or ACCESSED

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at <http://bookshop.usq.edu.au> click 'Semester', then enter your 'Course Code' (no spaces).

SOFTWARE: Java EE 5 SDK with compatible JDK, Sun System Application Server and Netbeans support (As at 14 December 2007 these were downloadable from <http://java.sun.com/javaee/downloads/index.jsp>)

TUTORIAL: The Java EE 5 Tutorial [As at 1 July 2009 the pdf version was downloadable from <http://java.sun.com/javaee/5/docs/tutorial/doc/> version published on site in October 2008].

Students should be aware that it is their responsibility to download all the resources required for this course.

Lahey, H (ed) 2000, *Information systems developers handbook: a road map for students*, University of Southern Queensland, Toowoomba, Queensland.

(This handbook is available on the USQ website at <http://www.usq.edu.au/business/schools/is/isdevhandbook.htm>.)

REFERENCE MATERIALS

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

Deitel, HM, Deitel, PJ & Santry, SE 2002, *Advanced Java 2 platform: how to program*, Prentice Hall, Upper Saddle River, New Jersey.

STUDENT WORKLOAD REQUIREMENTS

ACTIVITY	HOURS
Assessments	40.00
Private Study	126.00

ASSESSMENT DETAILS

Description	Marks out of	Wtg (%)	Due date	Objectives assessed	Graduate skill	Level assessed
ASSIGNMENT 1	100.00	5.00	14 Aug 2009	All		
ASSIGNMENT 2	100.00	5.00	11 Sep 2009	All		
ASSIGNMENT 3	100.00	30.00	23 Oct 2009	All		
2-HOUR EXAMINATION	120.00	60.00	END S2 (see note 1)	1, 2, 3, 6		

NOTES

1. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:
If you are an international student in Australia, you are advised to attend all classes at your campus. For all other students, there are no attendance requirements for this course. However, it is the students' responsibility to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:
To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)
- 3 Penalties for late submission of required work:
If students submit assignments after the due date without prior approval of the examiner, then a penalty of 5% of the total marks gained by the student for the assignment may apply for each working day late up to ten working days at which time a mark of zero may be recorded.
- 4 Requirements for student to be awarded a passing grade in the course:

- To be assured of receiving a passing grade a student must achieve at least 50% of the total weighted marks available for the course.
- 5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.
 - 6 Examination information:
This is a restricted examination. Candidates are allowed access to specific materials during the examination. The only materials that candidates may use in the examination for this course are (i) Writing materials: non-electronic and free from material which could give the student an unfair advantage in the examination; (ii) Translation dictionaries: with the Examiner's approval, candidates may, take an appropriate non-electronic translation dictionary into the examination. This will be subject to perusal and, if it is found to contain annotations or markings that could give the candidate an unfair advantage, it may be removed from the candidate's possession until the appropriate disciplinary action is completed.
 - 7 Examination period when Deferred/Supplementary examinations will be held:
Any Deferred or Supplementary examinations for this course will be held during the next examination period.
 - 8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6 Assessment, and 5.10 Student Academic Misconduct for further information and to avoid actions which might contravene university regulations. These regulations can be found at <http://www.usq.edu.au/corporateservices/calendar/part5.htm>. Students should also read the Faculty of Business Procedures which can be found at <http://www.usq.edu.au/business/aboutfob.htm>.

ASSESSMENT NOTES

- 1 Assignments: (i) The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner. (ii) Students must retain a copy of each assignment submitted for assessment. This must be produced within 24 hours if required by the examiner. (iii) In accordance with university policy, the examiner may grant an extension of the due date of an assignment in extenuating circumstances. (iv) The examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (v) Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner to negotiate such special arrangements. (vi) In the event that a due date for an assignment falls on a local public holiday in their area, such as a show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the examiner's convenience.
- 2 Course weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper.
- 3 Referencing in assignments: Harvard (AGPS) is the referencing system required in this course. Students should use Harvard (AGPS) style in their assignments to format details of the information sources they have cited in their work. The Harvard (AGPS) style to be used is defined by the USQ Library's referencing guide at <http://www.usq.edu.au/library/help/referencing/default.htm>.
- 4 Make-up work: Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally

prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.

- 5 Deferred work: Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded: IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

OTHER REQUIREMENTS

- 1 E-mail and Internet access: Students will require access to e-mail and Internet access to UConnect for this course.
-
