(See "Other Requirements" for further information.) Also see: <http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html>.

### RATIONALE

It is recognised that students completing an Honours program need the opportunity to explore or investigate a topic of their own choosing in order to more closely link their professional interests or needs to their course of studies. Project units are designed to provide such an opportunity.

### SYNOPSIS

Students will, under the guidance of a member of staff, pursue an in-depth study of a topic relevant to the field of education, and in particular to the focus of the student's major study area. The type of study need not necessarily involve research but should include a substantial investigating component leading to the submission of a written report. All student project proposals would be the subject of a critical review and final topics may be the result of extensive lecturer-student negotiation. However, if a student completing this course is an Honours student, this course will form the joint component of their major studies completed in EDU5351.

### OBJECTIVES

The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parenthesis. On successful completion of the project the students will have:

1. demonstrated the ability to plan, conduct, and report on an investigation or other such scholarly activity focused on an issue or topic of significance in the field of education. (Both assessment items)
2. demonstrate competence in and appropriate use of language and literacy, including spelling, grammar, punctuation and bibliographic referencing (Both assessment items).

The course examiner will then decide the grade taking into account both grades. Honours students who successfully complete this course will have an IIP result recorded at this stage. If EDU5351 is completed then students will be awarded the Honours grade for work completed in EDU4351 and EDU5351.
