### SYNOPSIS

This course will introduce students to the concepts and tools of financial management. The focus of the course is decision making in a financial context. It therefore examines the techniques that are used in businesses to make decisions that are consistent with the efforts to increase the wealth of the owners of the business in a corporate environment. The topics covered include but not limited to the valuation of future cash flows, the valuation of stocks and bonds, capital budgeting, risk and return and long term financing. The course consists of core modules and program specific modules for each postgraduate program if applicable.

### OBJECTIVES

On successful completion of this course, students are expected, to the satisfaction of the course specification, to achieve and be able to demonstrate:

1. demonstrate an understanding of the decisions that financial managers must make (including those relating to capital budgeting, capital structure, dividend policy and financing)
2. discuss core concepts of financial management, including the time value of money, capital budgeting, risk and return, the cost of capital, capital structure and dividend policy
3. apply the concepts and tools of financial management to the solution of problems that face financial managers (including those relating to capital budgeting, capital structure, dividend policy and financing)

4. demonstrate numeracy skills required by financial managers through the use of financial mathematics, including present value and future value techniques, to solve financial management problems
5. demonstrate an awareness of ethical issues involved in the preparation of financial statements and the code of ethics of relevant professional bodies
6. demonstrate an ability to communicate a financial analysis to an audience of stakeholders in a potential project or decision makers.

2. The exam is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

## IMPORTANT ASSESSMENT INFORMATION

### 1 Attendance requirements:

It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their

- chance of meeting the objectives of the course and to be informed of course-related activities and administration.
- 2 Requirements for students to complete each assessment item satisfactorily:  
To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)
  - 3 Penalties for late submission of required work:  
Assignments: If students submit assignments after the due date without prior approval of the examiner, then a penalty of 5% of the total marks gained by the student for the assignment may apply for each working day late up to ten working days at which time a mark of zero may be recorded. Take-home exams: The penalty for late submission of take-home exams without prior approval of the examiner is 100% of the total marks allocated to the take-home exam.
  - 4 Requirements for student to be awarded a passing grade in the course:  
To be assured of receiving a passing grade a student must achieve at least 50% of the total weighted marks available for the course.
  - 5 Method used to combine assessment results to attain final grade:  
The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.
  - 6 Examination information:  
This is a restricted examination. The only materials that candidates may use during this examination are: writing materials (non-electronic and free from material which could give the student an unfair advantage in the examination); calculators which cannot hold textual information (students must indicate on their examination paper the make and model of any calculator(s) they use during the examination).
  - 7 Examination period when Deferred/Supplementary examinations will be held:  
Any Deferred or Supplementary examinations for this course will be held during the next examination period.
  - 8 University Regulations:  
Students should read USQ Regulations 5.1 Definitions, 5.6 Assessment, and 5.10 Student Academic Misconduct for further information and to avoid actions which might contravene university regulations. These regulations can be found at <http://www.usq.edu.au/corporateservices/calendar/part5.htm>. Students should also read the Faculty of Business Procedures which can be found at <http://www.usq.edu.au/business/aboutfob.htm>.

## ASSESSMENT NOTES

- 1 Assignments: (i) The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner. (ii) The examiner may grant an extension of the due date of an assignment in extenuating circumstances. All applications of extension must be accompanied by supporting documents to substantiate the claims of students. In all circumstances, no assignments will be accepted two calendar weeks after the due date. (iii) If requested, students will be required to provide a copy of an assignment submitted for assessment purposes. This should be despatched to the USQ within 24 hours of receipt of a request being made. (iv) The examiner will not accept submission of assignments by facsimile. (v) In the event that a due date for an assignment falls on a local public holiday in their area, such as a show holiday, the due date for the assignment will be the next day.

- Students are to note on the assignment cover the date of the public holiday for the examiner's convenience.
- 2 Take-home exams: (i) The due date for a take-home exam is the date by which a student must despatch the take-home exam to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner. (ii) The examiner may grant an extension of the due date of a take-home exam in extenuating circumstances. All applications of extension must be accompanied by supporting documents to substantiate the claims of students. In all circumstances, no take-home exam will be accepted after the due date. (iii) If requested, students will be required to provide a copy of a take-home exam submitted for assessment purposes. This should be despatched to the USQ within 24 hours of receipt of a request being made. (iv) The examiner will not accept submission of take-home exams by facsimile. (v) In the event that a due date for a take-home exam falls on a local public holiday in their area, such as a show holiday, the due date for the take-home exam will be the next day. Students are to note on the take-home exam cover the date of the public holiday for the examiner's convenience.
  - 3 Course weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper. The examination may test material already tested in assignments.
  - 4 Referencing in assignments: Harvard (AGPS) is the referencing system required in this course. Students should use Harvard (AGPS) style in their assignments to format details of the information sources they have cited in their work. The Harvard (AGPS) style to be used is defined by the USQ Library's referencing guide at <http://www.usq.edu.au/library/help/referencing/default.htm>.
