## REQUISITES

Pre-requisite: HSC8050 plus 5 coursework units and Students must be enrolled in one of the following Programs: MANP or MMPO or MNRH with a GPA of 5.5 or higher.

## RATIONALE

This course, and the course NUR9011, are offered to develop the research skills and knowledge of students completing the Honours component of Masters programs in Nursing, Midwifery and other health-based disciplines. It is envisaged that students who complete these two courses will have developed the necessary skills to complete a small independent research project.

## SYNOPSIS

Students enrolled in this course, and the course NUR9011, will undertake a supervised research project in a selected area of nursing, midwifery or another health-based discipline. This course has a compulsory four-day residential school for domestic students only and is only available to students admitted to Masters programs offered by the Department of Nursing and Midwifery at USQ. All students will require the approval of the Research Coordinator of the Department of Nursing and Midwifery to enrol in this course. The dissertation will contain between 15,000 and 20,000 words on the project which presents a culmination of enrolment in NUR9010 and NUR9011.

## OBJECTIVES

On successful completion of the course NUR9010 AND NUR9011 students will be able to:

1. identify a research topic (Project Timeline);
2. proceed with the research topic (Research Dissertation);
3. gain ethical clearance for the project (Research Dissertation);
4. prepared the research proposal to the satisfaction of the Research and Higher Degree Committee, Department of Nursing and Midwifery (Project Timeline);

5. prepare a 15,000 to 20,000 word dissertation which demonstrates competence in each component of the research process, by identification and analysis of the research problem, reviewing the literature, understanding and selection of an appropriate methodology, formulation of research question(s), collection of data, use of appropriate methods, analysis and interpretation of results and drawing appropriate conclusions (Research Dissertation);
6. present a seminar (when enrolled in NUR9010) to the Department of Nursing and Midwifery Residential School, outlining the project in progress (Seminar Presentation).

## IMPORTANT ASSESSMENT INFORMATION

- 1 Attendance requirements:  
It is the students' responsibility to attend and participate appropriately in all activities scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration. It is not compulsory for International students to attend the Residential School.
- 2 Requirements for students to complete each assessment item satisfactorily:  
To complete the dissertation satisfactorily students must gain at least 50% of the marks available. All students must have a presentation for the Residential School, delivered face-to-face by domestic students, and by supervisors of international students.
- 3 Penalties for late submission of required work:  
If students submit the dissertation late, without prior approval, then a penalty of 10% of the total marks available for the dissertation will apply for each working day late.
- 4 Requirements for student to be awarded a passing grade in the course:  
Requirements for a student to be awarded a passing grade in the course IF the course is the final one in the Honours programme for that student: To be assured of a passing grade, students must satisfactorily complete the dissertation. Requirements for student to be awarded a passing grade in the course IF it is the first course enrolment in the Honours programme: Students will be awarded the grade of IIP (Incomplete - in progress) at the end of this course provided they have adhered to the timeline submitted to and approved by the Research and Higher Degree Committee, Department of Nursing and Midwifery.
- 5 Method used to combine assessment results to attain final grade:  
Final grades for students will be determined on the basis of marks obtained for the dissertation. Two internal examiners will be appointed to independently examine the completed dissertation. Grades for the dissertation will be awarded as follows: HD 85%-100%, A 75%-84%, B 65%-74%, C 50%-64%, F < 50%. Where there is disagreement between the examiners, the course examiner of NUR9010 and NUR9011 will facilitate a meeting to achieve a consensus. If this is not possible, a third examiner may be appointed and the three reports then reviewed by the course examiner, who will make a decision as to the level of the grade.
- 6 Examination information:  
There is no examination in this course.
- 7 Examination period when Deferred/Supplementary examinations will be held:  
There will be no Deferred or Supplementary examinations in this course.

8 University Regulations:

Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL <http://www.usq.edu.au/corporateservices/calendar/part5.htm> or in the current USQ Handbook.

## **ASSESSMENT NOTES**

- 9 Students must retain a copy of each item submitted for assessment. If requested, students will be required to provide a copy of assignments submitted for assessment purposes. Such copies should be despatched to USQ within 24 hours or receipts of a request being made.
- 10 Three typed unbound copies of the research dissertation, presented in the format typical of a post-graduate dissertation, must be submitted to the examiner of this course by the due date. Following the examination, the dissertation will be returned to the student for correction (to their supervisor's satisfaction and any requirements of the Department's Research and Higher Degree Committee). Following correction, four copies of the dissertation, bound to University requirements, are to be submitted to the course Examiner who will then process the student's final grade for this course and the interim grade of IIP for the initial Honours course will be changed to the appropriate final grade. A grade of IIP will remain until the final bound copies are provided to the course examiner.
