RATIONALE

Creating and curating artworks is a fundamental component of practical studies in the Visual Arts. At level 2 students are required to focus their involvement to one practice area. They are Studio Practice, OR Hybrid Studies OR Arts Management. Studio Practice and Hybrid Studies each consist of a combination of studio workshops in Drawing, Painting, Printmaking, Ceramics, and Spatial Construction and will be underpinned by history and theory lectures and tutorials. Workshops consist of lectures, demonstrations, and practice conducted each week. Drawings and a journal/visual diary will accompany the studio and extension work submitted for assessment. For Arts Management a supporting portfolio of documentation will be required for assessment. NOTE: Arts Management is the only area available to External students. On campus students choose from either Studio Practice or Hybrid Studies.

SYNOPSIS

This course is concerned with building a range of visual arts skills and concepts within one of the three areas, either Studio Practice OR Hybrid Studies OR Arts Management. By investigating a variety of methods, materials and concepts students will be encouraged to further develop their technical, conceptual, observational and management skills. Studio Practice and Hybrid Studies consist of a combination of workshops in Drawing, Painting, Printmaking, Ceramics, and Spatial Construction. Arts Management will further develop theoretical and curatorial skills which meet gallery and museum industry standards. Studio Practice, Hybrid Studies and Arts Management will be reinforced by discussion on contemporary arts/crafts practice and theory. NOTE: Arts Management is the only area available to External students. On campus students can choose from either Studio Practice or Hybrid Studies.
