

## TEACHING AREA INFORMATION SHEET FOR STUDENTS IN THE SENIOR/ MIDDLE SECTOR

In order to ensure that you are placed for your experiences in the correct areas of expertise we need you to identify two teaching areas. We therefore ask that you nominate your two teaching areas and support these with evidence of courses you have studied.

Where you study 4 or 5 courses then you will nominate this as a *minor*.

Where you study 6 or more courses then you will nominate this as a *major*.

This information will then be verified by the Program Coordinator and entered on to the SONIA database for reference when placements occur in relevant courses.

To assist you further with finalising your areas we provide the following Queensland KLA and Senior Authority subject list information:
