Program focus

The Indigenous Higher Education Pathways Program (IHEPP) has been developed to give Indigenous students tertiary preparation skills, with an Indigenous focus.

If you would like to undertake university study but don't have the right school qualifications, or if you have been out of formal education for a while and feel your skills are a bit rusty, IHEPP is for you. The main emphasis of the IHEPP program is to develop computing, communication, mathematical, analytical and study skills necessary for successful tertiary study.

Successful completion of IHEPP may lead to enrolment into a USQ undergraduate program, increased employment opportunities, and the opportunity to apply for entry into other universities.

Program aims

The program aim is to provide equitable access to tertiary study for Indigenous people, who for social, economic and cultural reasons, have missed out on educational opportunities at various stages of their lives. Successful completion of the Indigenous Higher Education Pathways Program (IHEPP) will lead to admission to specified undergraduate award programs of the University.

Program objectives

This program will enable students to:

- gain the necessary pre-tertiary knowledge and skills in numeracy, communication, literacy and computing for entry into USQ's degree programs
- attain the academic study skills required to successfully complete higher education degrees
- demonstrate a strong and positive sense of Indigenous identity, culture and heritage
- develop mastery of skills in each of the learning areas through attendance at residential schools
- develop career and employment potential through the successful completion of the IHEPP courses/program and subsequent future degree programs.

Students should note that they are able to choose more than four courses to study across two or three terms, if desired.

Recommended enrolment pattern for full-time students

For completion in two semesters.

Course	Year of program and semester in which course is normally studied						Residential school (compulsory /optional)	Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (WEB)			
	Year	Sem	Year	Sem	Year	Sem		
Choose one of the following three courses:								
HUS7001 Introduction to Computing Basics			1	1, 2			C	
HUS7002 Nguya Goolpanie? What Did You Say? Study Skills			1	1, 2			C	
HUS7003 Imbala: Hearing to Understand: Thinking to Write			1	1, 2			C	
One or both of the following two courses:								
CST7001 Mathematics for Living			1	1, 2			C	
MTS7001			1	2			C	
The following course is not compulsory:								
HUS7004 Indigenous Cultural Studies			1	1, 2			C	

Recommended enrolment pattern for full-time students

For completion in one semester.

Course	Year of program and semester in which course is normally studied						Residential school (compulsory /optional)	Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (WEB)			
	Year	Sem	Year	Sem	Year	Sem
