### Program focus

This degree prepares students for the nursing profession as a Registered Nurse through a combination of coursework, clinical simulation in well resourced on-campus nursing laboratories and quality clinical experience in a wide variety of health care settings. Almost 50 percent of the program is devoted to clinical practice within simulated labs or in settings such as large general hospitals, psychiatric hospitals, smaller country hospitals, aged care settings, community health services, specialty clinics and rehabilitation centres. This program offers practical skills in addition to a comprehensive theoretical body of knowledge and the development of a full range of clinical and interpersonal skills needed to function as an effective practitioner. The Department of Nursing and Midwifery is committed to encouraging and enhancing the capacity for independent and critical thought, reflective practice and preventative health care within individuals.

Strengths of the program include: the variety and range of clinical placements, a supportive and knowledgeable staff, well resourced simulation labs, content which covers recommendations for current nursing practice as well as that appropriate for the professional development of the registered nurse, including leadership, research for practice and case management. A professional development program for third year students in the 2012 curriculum helps prepare them for graduate nurse employment.

### Career opportunities

Registered nurse – public and private general and psychiatric hospitals, community health, mental health, aged care, paediatric and adolescent health, home health care, Indigenous health, occupational health, rural

practice, overseas nursing. This program is a pathway to graduate entry Midwifery and Mental Health programs and other specialties within nursing and health care.

### **Professional accreditation**

The Bachelor of Nursing at USQ is accredited by the Nursing and Midwifery Board of Australia (NMBA). The proposed changes to the program for 2012, including the external offering, are currently in the accreditation process with the Nursing and Midwifery Board of Australia (NMBA).

### **Program aims**

The Bachelor of Nursing program provides the graduate with the knowledge and skills to apply to the Australian Health Practitioners Regulation Agency (AHPRA) for registration as a nurse.

To gain registration as a nurse, graduates of this program will also have to satisfy registration criteria of the Nursing and Midwifery Board of Australia. See **Other Information** below.

### **Other Information**

Graduates of this program may apply to the Australian Health Practitioners Regulation Agency (AHPRA) for registration as a nurse. To gain registration, applicants will also have to meet standards in English language skills, criminal history, and professional indemnity insurance. To maintain registration, nurses are also required to meet standards of Continuing Professional Development and Recency of Practice. All of these standards can be found on the Nursing and Midwifery Board of Australia website: [NMBA Registration Standards](#).

The Australian Health Practitioners Regulation Agency (AHPRA) will keep a register of students enrolled in the Bachelor of Nursing program for the duration of their study or clinical training. USQ as the education provider will pass on students' details directly to the Nursing and Midwifery Board of Australia for registration. No fees are required.

### **Program objectives**

On completion of the Bachelor of Nursing program at USQ, students will be able to:

- meet the educational requirements for registration with the Australian Health Practitioners Regulation Agency (AHPRA)
- demonstrate the attributes of a USQ graduate in the domains of:
  - Discipline Expertise
  - Professional Practice
  - Global Citizenship
  - Scholarship
  - Lifelong Learning
- consistently demonstrate the Australian Nursing and Midwifery Council Standards in the areas of:
  - Professional Practice
  - Critical Thinking and Analysis
  - Provision and Coordination of Care
  - Collaborative and Therapeutic Practice
- provide health care which reflects an understanding of contemporary Australian society and addresses the particular needs of Indigenous Australians, multicultural groups, older persons and people from rural and remote locations.

### **Admission requirements**

For entry into the Bachelor of Nursing program, applicants will require Queensland Senior School Certificate (Year 12) or equivalent with both:

- English (four semesters Sound Achievement) or equivalent. International students whose first language is not English must demonstrate their proficiency in the English language with the provision of a recent

IELTS test of 6.5 or higher with no subset of less than 6.0 or have successfully completed the [University's ELICOS/EAP programs](#).

- recommended study in one of Biological Science, Chemistry, Physics or Multi-strand Science or equivalent and recommended study in Mathematics.

Candidates for admission to this program must satisfy the normal USQ entry requirements for undergraduate programs. Please refer to [Section 2.2 of the Admissions Policy](#), Section 2.2.1 (for Australian students) and Section 2.2.3 (for international students).

Students who do not believe they satisfy the above requirements for admission are encouraged to consider the [alternate pathways](#) to entry to USQ programs.

### Indigenous Students

USQ strongly encourages applications from Aboriginal and Torres Strait Islander students. Indigenous students interested in a career in nursing should contact the Indigenous coordinator in the nursing department at [indigenounursing@usq.edu.au](mailto:indigenounursing@usq.edu.au) for information on guidance and support and to discuss entry pathways.

### Endorsed Enrolled Nurses

Endorsed Enrolled Nurses applying for exemptions must supply documentation including a certified copy of their Diploma of Nursing and a certified copy of their current Enrolment licence from the Australian Health Practitioners Regulation Agency (AHPRA).

### Student requirements for Clinical Practice

Students must be willing to undertake and submit the requirements of the University of Southern Queensland and Queensland Health for clinical placement. These include:

- (1) evidence of Hepatitis B immunisation
- (2) a current CPR certificate
- (3) a signed Qld Health Student Orientation Checklist, Qld Health Placement Deed and a Qld Health Placement Privacy and Consent Deed
- (4) a signed USQ Student Clinical Placement Policy Declaration
- (5) a current Criminal History Police Check
- (6) a Blue Card from the Queensland Government Commission for Children and Young People and Young Guardian.

## How to apply

### Domestic students

[Application for undergraduate programs](#) may be made through the Queensland Tertiary Admissions Centre (QTAC). The same procedure applies whether you plan to study on-campus or by distance education.

If you completed Year 12 at a Queensland secondary school you will be assessed for entry on the basis of your Overall Position (OP) or equivalent score. Year 12 students from other states or territories are considered for entry on the basis of their UAI, ENTER or TER and the subject prerequisites indicated. Other applicants will be based on their overall Rank.

### International students

This program is offered to international students. An international student is a person who is not an Australian or New Zealand citizen and not an Australian permanent resident. Please refer to [USQ International](#) for information about entry requirements, visa arrangements and how to apply.

## Program fees

### Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of your higher education and you as a student pay a [student contribution amount](#), which varies depending on the courses undertaken. You are able to calculate the fees for a particular course via the [Course Fee Finder](#). Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

### Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who reside outside Australia pay full tuition fees.

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#).

### International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

## Program structure

The Bachelor of Nursing program consists of 24 credit point units (25 courses) as listed in the standard progression for commencing students.

### Requirements to Complete the Program

Students are required to satisfactorily complete all courses. Some courses have compulsory attendance requirements for science and simulated clinical laboratory work. To satisfactorily complete the six clinical courses, students must participate in the required hours of clinical practice offered at off-campus venues and satisfactorily demonstrate the learning objectives of these courses.

The Bachelor of Nursing Program at USQ prepares students for a Bachelor's degree in nursing. Upon completion of the program and application for registration as a nurse, the Australian Health Practitioners Regulation Agency (AHPRA) requires additional demonstration of English language standards for students for whom English is a second language.

### Required time limits

Students have a maximum of 6 years to complete this program.

Endorsed Enrolled nurses and International Registered Nurses with 8 credit point exemptions have a maximum of 4 years to complete this program.

### Clinical requirements

Clinical experience is an integral component of the program and each student is required to undertake and satisfactorily complete 840 hours of clinical experience. Students will be required to attend clinical experience in the Toowoomba Health District and surrounding areas (Toowoomba Campus students) and the Fraser Coast Health District and surrounding areas (Fraser Coast Campus students). Students also need to be aware that clinical placement can sometimes be in rural and remote settings away from their home campus.

Clinical courses will incur some additional expenses for students including uniform and equipment; CPR updates, Hepatitis B immunization, Police Checks, transport to and from venues and in some instances living expenses. Some clinical placement occurs in block placements (2 - 4 weeks full time attendance) which requires student flexibility with commitments such as employment outside of the University. Clinical placements

also occur within the local area within an allocated 2 day per week program (completed over a 10 week period of time).

Clinical practice will require shift work including working on weekends, holidays and all three shifts (day, evening and through the night). Students are required to follow the schedule that the clinical venue has assigned to the placement and this may require adjusting private work and other commitments.

### Clinical Courses - Placement Hours

Course Name	Clinical placement hours
First Year	
<a href="#">NUR1099 Professional Nursing for Older People</a>	The equivalent of two weeks (80 hours) clinical practice in an aged care or rehabilitation centre.
Second Year	
<a href="#">NUR2199 Clinical AA Situated Practice</a>	The equivalent of four weeks (160 hours) of clinical practice in a medical/surgical setting.
Third Year	
<a href="#">NUR2499 Clinical B: Nursing Care in Context</a>	The equivalent of three weeks (120 hours) of clinical practice in a medical/surgical setting. Plus one week total (40 hours) of clinical practice/assessment in on-campus laboratories and professional development seminars/workshops.
<a href="#">NUR3099 Clinical D: Nursing for Communities</a>	The equivalent of four weeks (160 hours) of clinical practice in a variety of community settings.
<a href="#">NUR3599 Clinical C: Nursing Care for Mental Health</a>	The equivalent of four weeks (160 hours) of clinical practice in a variety of community or in-patient mental health settings.
<a href="#">NUR3499 Clinical E: The Beginning Practitioner</a>	The equivalent of four weeks (160 hours) of clinical practice in a variety of settings appropriate to assess practice at the level of a beginning registered nurse. This may include a number of specialty settings.

Progression into clinical courses is dependent upon a pass grade in theoretical and other clinical courses which have been set as pre-requisites.

**Prior to signing up for Clinical:** It is a requirement of the University of Southern Queensland and Queensland Health that all students must have evidence of Hepatitis B immunisation and a current CPR certificate. Students must be willing to submit a signed Queensland Health Check list and [deed polls](#).

All students are required to apply for and obtain a [Blue Card](#) through the Queensland Government and a Police Check. Full uniform including appropriate work shoes is mandatory and must be supplied by the student.

### IT requirements

Students should visit the USQ [Recommended Hardware](#) and [Recommended Software](#) sites to check that their computers are capable of running the appropriate software and versions of Internet web browsers and to check the minimum and recommended standards for software.

### Exemptions

**Enrolled Nurses:** Enrolled Nurses with a Diploma of Nursing from a TAFE institute or equivalent may apply to be awarded exemptions from the program up to a total of eight units of courses (two standard semesters). Enrolled nurses and Endorsed Enrolled Nurses should contact [cenrolq@usq.edu.au](mailto:cenrolq@usq.edu.au) for advice on direct articulation pathways from TAFE and possible exemptions. Exemptions must comply with the university regulations from [Section 5.5.5](#).

**Transfer Students:** Students who wish to transfer components of other accredited Bachelor of Nursing programs and students with prior university credit should contact [cenrolq@usq.edu.au](mailto:cenrolq@usq.edu.au) to apply for possible exemptions. Exemptions must comply the University regulations from [Section 5.5.5](#).

Some credit may be granted for appropriate qualifications in Indigenous Health. USQ provides extensive support for Indigenous Nursing Students.

International students who have a Registered Nurse qualification from approved Overseas education institutions may apply for exemptions in the program. Please refer to USQ International for information about how to apply.

## Enrolment

### Accelerated progression

Students may schedule their courses to complete the program in six consecutive semesters (two years total). This option will require an uninterrupted progression through the program and is only available when commencing in Semester 1. There is an enrolment cap in the accelerated offering and numbers are limited.

Students should be advised that this option requires continuing study without normal semester breaks. Students are required to complete the normal clinical experience requirements of this program which includes attendance for a total of 840 hours of clinical practice at arranged clinical facilities off-campus and satisfactory completion of the course requirements. This mode may not suit the visa requirements of international students. International students are asked to refer to information provided by [USQ International](#).

### Part-Time Enrolment

Students may choose to take a diminished load of courses each semester to study part-time. Students may also vary their course load by taking courses as available (depending on quotas) which are offered in Semester 3. Please note there will be periods of full-time attendance required in these options, such as in clinical courses, and that clinical courses are not available for general enrolment in Semester 3. Students are required to complete the program within six years. A part-time mode will not suit the visa requirements of International students.

### Mid-year intake

Students may commence the program in Semester 2. Students will undertake courses in an alternative progression. The accelerated option of six consecutive semesters is not possible with a Semester 2 entry.

A full-time option is available for Endorsed Enrolled nurses commencing in Semester 2. Please see the progression pattern available below.

### Progression policy

Students are advised to consult with student support [usq.support@usq.edu.au](mailto:usq.support@usq.edu.au) in situations where their progression is affected either by failure in pre-requisite courses, or where they choose a part-time study pattern.

Students commencing the [Bachelor of Nursing](#) in 2012 who are interested in the external offer of courses or the Accelerated Progression are required to apply for entry in the Bachelor of Nursing first. Admittance to these modes of study is a second stage of application through the Faculty of Sciences and quotas and conditions apply. Students may express their desire to apply for these modes by writing to [usq.support@usq.edu.au](mailto:usq.support@usq.edu.au)
