

# Scholarships available for continuing Faculty of Engineering & Surveying students

Invest 30 minutes in your future and apply,  
**a Scholarship can make a difference.**

USQ offers a range of scholarships, bursaries and prizes to students who have demonstrated academic excellence, leadership and participation in the wider community.

USQ also provides scholarships to students whose ability to attend university and achieve their full academic potential is adversely affected by financial hardship.

We have many generous donors who are passionate about our students and the possibilities quality education provides.

Find out all about scholarships and apply today at
