dex.htm			
National Environmental Research Program http://www.environment.gov.au/about/programs/nerp/index.html	For environmental research to improve our capacity to understand, manage and conserve Australia's unique biodiversity and ecosystems through the generation of world-class research, and its delivery to Australian environmental decision-makers and other stakeholders. (Eol initially – an invite to submit a full application may follow.)	• Eol	May 2011 (Anticipated)
AINSE http://www.ainse.edu.au/ainse/for_academic_researchers/ainse_awards2.html	AINSE Ltd in conjunction with ANSTO has established a Fellowship Scheme to add impetus to member universities' growing stature in nuclear science and engineering and in related fields.	• Research Fellowships	May 2011 (Anticipated)
Australian Diabetes Society http://www.diabetessociety.com.au/	The aims or 'objects' of the Society are to enhance the welfare of individuals who have diabetes mellitus	• Merck Sharp & Dohme Educational Travel Grant for Medical PhD Scholars	May 2011 (Anticipated)
Australian Coal Association Research Program http://www.acarp.com.au/funding.aspx	ACARP will fund projects that lead to improvements in safety standards and performance, a reduction in the environmental impacts of mining and coal utilisation, a reduction in the mine operating cost and technical support to marketing of coal.	• Proposals (Short)	May 2011 (Short Proposal) (Anticipated) (Invitations for Full Proposals expected in August and closing in September)
Australian Museum – Eureka Prizes http://eureka.australianmuseum.net.au/about/about-eureka	The Australian Museum Eureka Prizes reward excellence in the fields of scientific research & innovation, science leadership, school science and science journalism & communication.	• Eureka Prize	6 th May 2011
Pfizer Australia Research Grants http://www.nsrgrants.com.au/	The APEC Research Grants support and advance clinical research in the fields of Paediatric Endocrinology Care. The program has been designed to promote excellence in medical research throughout Australasia. It seeks to encourage and help develop the best of our young clinical researchers and extend Pfizer Australia's already notable commitment and contribution to medicine and the health of our community. The Cardiovascular Lipid Research Grants to support and advance clinical research in the fields of cardiovascular disease including	• Paediatric Endocrine Care Research Grant • Cardiovascular Lipid Research Grant	May 2011 (Anticipated) May 2011 (Anticipated)

	<p>stroke, lipid disorders and associated areas. The program has been designed to promote excellence in medical research throughout Australia. It seeks to encourage and help develop the best of our young clinical researchers and extend Pfizer Australia's already notable commitment and contribution to medicine and the health of our community. The proposals should predominantly involve clinical research in humans.</p>		
<p>Australian Cancer Research Foundation</p> <p>http://www.acrf.com.au/research-grants/research-grant-guidelines/</p>	<p>Our research grants are capital grants for infrastructure, equipment and the establishment of national facilities and enterprises supporting all aspects of cancer research, including but not limited to cell and molecular biology, epidemiology, prevention and drug development.</p> <p>The ACRF is a 'seed' funding body and is therefore interested in applications for research projects whose value is over and above the amount sought directly from ACRF. We are looking for opportunities to leverage ACRF grants and at multi-disciplinary teams, collaborations and evidence of the translational impacts at a clinical level (with patients) which will be given favourable consideration.</p>	<ul style="list-style-type: none"> • Research Grants 	<p>May (1st Stage Applications)</p> <p>(Anticipated)</p>
<p>Marine National Facility</p> <p>http://www.marine.csiro.au/nationalfacility/application/index.htm</p>	<p>The Marine National Facility supports research in Australia's regional seas and oceans. The CSIRO owned and operated research vessel – currently the RV <i>Southern Surveyor</i> – can undertake research in:</p> <ul style="list-style-type: none"> • physical, chemical and biological oceanography • marine geosciences • fisheries • environmental science <p>The vessel is particularly suited to multi-disciplinary research projects.</p> <p>The Marine National Facility Steering Committee calls for applications for sea time</p>	<ul style="list-style-type: none"> • Research Voyages 	<p>May (Anticipated)</p>

	<p>annually and encourages new users of the research vessel to apply. It also encourages applications for national and international collaborative projects and projects covering more than one year.</p>		
<p>The Wenner-Gren Foundation http://www.wennergren.org/grantprograms/4</p>	<p>Hunt Postdoctoral Fellowships support the writing-up of already completed research. The fellowship is awarded to scholars in the earlier stages of their careers, when they frequently lack the time and resources to develop their research for publication. Scholars with a Ph.D. in hand for no more than ten years (from the application deadline) are eligible to apply.</p> <p>The program contributes to the Foundation's overall mission to support basic research in anthropology and to ensure that the discipline continues to be a source of vibrant and significant work that furthers our understanding of humanity's cultural and biological origins, development, and variation. The Foundation supports research that demonstrates a clear link to anthropological theory and debates, and promises to make a solid contribution to advancing these ideas. There is no preference for any methodology, research location, or subfield. The Foundation particularly welcomes proposals that employ a comparative perspective, can generate innovative approaches or ideas, and/or integrate two or more subfields.</p>	<ul style="list-style-type: none"> • Hunt Postdoctoral Fellowships • Dissertation Fieldwork Grants • Post-PhD Research Grants 	<p>1st May annually (Also, 1st November annually)</p> <p>1st May annually (Also, 1st November annually)</p> <p>1st May annually (Also, 1st November annually)</p>
<p>World Anti-Doping Agency http://www.wada-ama.org/en/Science-Medicine/Research/Applying-for-Research-Grants/</p>	<p>To identify relevant areas of social science research in the field of anti-doping and encourage research to obtain information which will form more efficient doping prevention strategies</p>	<ul style="list-style-type: none"> • Research Grants 	<p>May 2011 (Anticipated)</p>
<p>Ian Potter Foundation http://foundation.ianpotter.org.au/how_to_apply.html</p>	<p>Community Wellbeing (CW) and (CW) International Travel - Smaller grants (under \$50,000) are used to support community-based organisations with</p>	<ul style="list-style-type: none"> • Community Wellbeing (CW) and (CW) International Travel 	<p>30th May 2011 (Also, 31st January and 12th September)</p>

	<p>strong volunteer components to deliver programs targeting disadvantage, poverty and the general wellbeing of the community. <u>The large grants program</u> seeks to improve the life chances of individuals and families by supporting projects and programs targeted at the prevention of homelessness, with a focus on early intervention and programs that work with disadvantaged families, women, young people and children who are at risk. <u>(CW) International Travel</u> grants assist senior managers and leaders in this sector to undertake focussed and comprehensive scoping tours of international centres of excellence.</p> <p>Arts - currently focus on arts education, audience development (particularly in regional areas), and the arts as a vehicle for building a sense of community.</p> <p>Education - Strategic, whole-of-community approaches to education in order to make real, long term improvements to education and employment outcomes in our communities. Two streams of funding available to support innovative programs and research within the educational space (1) Small grants funding and (2) large grants funding.</p> <p>Travel and Conference - To assist early career researchers to travel overseas for professional development through attending conferences.</p> <p>Environment & Conservation - Support Australian urban and regional communities to live sustainably and preserve biodiversity.</p> <p>Science - To support exceptional and visionary individuals, particularly those in their early career.</p>	<ul style="list-style-type: none"> • Arts • Education • Travel and Conference • Environment & Conservation • Science 	<p>30th May 2011 (Also, 31st January and 12th September)</p> <p>30th May 2011 (Also, 31st January and 12th September)</p> <p>30th May 2011 (Also, 12th September)</p> <p>30th May 2011 (only)</p> <p>30th May 2011 (only)</p>
<p>Australian Academy of Science</p> <p>http://www.science.org.au/</p>	<p>The objectives of the Academy are to promote science through a range of activities. It has defined four major program areas:</p> <ul style="list-style-type: none"> • Recognition of outstanding contributions to science • Education and public awareness 	<ul style="list-style-type: none"> • Oxford Nuffield Medical Fellowship 	<p>27th May 2011</p>

	<p>the Environment Committee is:</p> <ul style="list-style-type: none"> To secure cultural and environmental integrity. 	(Sustainability and the Environment)	accepted
<p>Mercy Foundation</p> <p>http://www.mercyfoundation.com.au/</p>	<p>Committed to social justice and structural change to create greater social equity and inclusion in the Australian community.</p> <p>Partnership Activities and Support The Mercy Foundation carries out partnership activities and support. This is a program whereby funds will be made available at the discretion of the Foundation. Organisations are welcome to contact the Mercy Foundation at any time to discuss potential partnership activities and innovations.</p>	<ul style="list-style-type: none"> Partnership Activities and Support 	Ongoing basis
<p>AINSE</p> <p>http://www.ainse.edu.au/ainse/for_graduate_students/travel_scholarships.html</p>	<p>Applications are invited from students and post doctoral fellows from AINSE member universities who wish to present their AINSE supported research at an international meeting which is being conducted outside Australia.</p>	<ul style="list-style-type: none"> International Conference Travel Scholarships 	Ongoing basis

http://www.ifs.se/Forms/how_to_apply.asp	<p>conduct relevant and high quality research on the sustainable management of biological resources. This will involve the study of physical, chemical, and biological processes, as well as relevant social and economic aspects, important in the conservation, production, and renewable utilisation of the natural resources base.</p> <p>IFS supports young developing country scientists who have the potential for becoming the future research leaders and lead scientists in their nations. Applicants must be young and at the beginning of his or her research career and from a developing country, where the research must take place.</p>		<p>(Two rounds for administrative purposes – 30th June and 31st December)</p>
<p>James S McDonnell Foundation</p> <p>http://www.jsmf.org/apply/apply.php</p>	<p>Flexible, selective funding for projects not readily supported via investigator-initiated research proposals. A means for encouraging unique collaborations often through the development of study panels and research networks. Collaborative applications receive significant input from JSMF during the planning stages. Program areas funded: Studying Complex Systems, Brain Cancer Research, or Understanding Human Cognition. Application process: Letter of Inquiry. Read how to apply for a Collaborative Activity Award.</p>	<ul style="list-style-type: none"> • Collaborative Activity Awards 	<p>Ongoing basis</p>

Please note that some dates listed are anticipated either from previous rounds or listed as such on the funding agency website. All applicants should re-confirm exact submission dates with the Office of Research when considering submission of a grant.

All deadlines listed are external deadlines. *Internal deadlines do apply and are generally 2-3 weeks prior to the external deadline.* Please check with the Office of Research if you are unsure of the internal deadline.

Whilst links to these funding opportunities are active at the time the Calendar is uploaded onto the USQ webpage, some links may become inactive. In these instances please search via "Google" or "ResearchProfessional" to obtain

information on the relevant program.

This calendar will be updated periodically throughout the year. New opportunities will be inserted and unconfirmed dates will be confirmed as the information becomes available.

Office of Research contacts are:
