

Alternative route between USQ Springfield Campus and Toowoomba

With the opening of the Centenary Highway extension from Springfield to Yamanto, an alternative route between Toowoomba and USQ Springfield is now available. This route takes travellers away from the Ipswich/Logan Motorways and instead onto the Centenary and Cunningham Highways before joining up with the Warrego Highway. Travel time and distance is almost the same as the main route, but it may be preferable to use this one to avoid congestion during peak traffic periods.
