## HEATER TIMES DURING WINTER MONTHS

In all Colleges, the room heaters are controlled by a timing device. Generally, the heaters are scheduled to operate between 5pm and 2am during the night and between 6am and 9am each morning. However, during very cold weather the Warden's Office will arrange to have the heaters operational for the entire day. Please note that such adjustments should only be effected through the Warden's Office.

Steele Rudd and Concannon Colleges have staggered "switch on" times in order to avoid a power failure due to a surge of power that may result if all heaters come on at the same time. The schedule for these Colleges is as follows:

### Steele Rudd Heater Times:

## BLOCK BBQ'S

Blocks wishing to hold a social BBQ are requested to communicate such intentions to Daryl Krause at least 3 days in advance so that the Catering Manager can make arrangements for the provision of appropriate foods. Please note that the block is responsible for collecting the BBQ and returning it the following day (cleaned!!).

## ILLNESS

Instances of illness should be communicated to a Resident Fellow as soon as possible. If hospitalization is required or a medical doctor is needed to attend you in your room, contact a Resident Fellow immediately as medical practitioners are reluctant to come to College without a request from a Resident Fellow.

## FIRST AID KITS

First Aid Kits are located in all three Colleges. Each Resident Fellow is in charge of a First Aid Kit and should be contacted if any first aid materials are required.

## VACATION ACCOMMODATION

Applications are now available at the Warden's Office for accommodation during the inter-semester vacation (23-6-91 to 7-7-91). All students (including overseas students) requiring accommodation during this period must submit an application along with payment by *Monday June 3*.

## REFRIGERATORS AND EXTRA HEATERS

Residents who have refrigerators or an extra heater in their room need to contact the accounts section of the Warden's Office as soon as possible to arrange payment for same.

### ELECTRICITY OFF IN STEELE RUDD

Please note that electrical power will be cut off between *8.00am and 5.00pm* on *Tuesday May 21, 1991* in Steele Rudd College.
