

# USQ Early Offer

## School Guidelines

UNIVERSITY  
OF SOUTHERN  
QUEENSLAND

**The USQ Early Offer allows eligible year 12 students who place USQ #1 on their QTAC application, to receive an early offer at the University of Southern Queensland (USQ). Students can receive an early offer in one of two ways, through one simple application form.**

**1. Recommendation from Principal or Principal's delegate**

**2. Successful completion of a USQ Head Start course**

**This offer is granted to students who have a proven track record of hard work and academic achievement.**

## **Eligibility**

To be eligible for an early offer, students must:

- › Be a current Year 12 student
- › Have proven academic achievement and study skills
- › Place USQ as their first preference on their QTAC application

Students will be required to meet subject pre-requisites when final results are released. Whether or not a student is 'on-track' to meet these requirements, along with meeting other program entry requirements, may limit their eligibility for an early offer.

USQ will also be accepting early offer applications from students who have completed a USQ Head Start course. Head Start Early Offer does not require a recommendation from their school.

## **Benefits**

**For students:**

- › 1-month free accommodation at USQ Toowoomba residential colleges\* (conditions apply)
- › Gain an early offer into a USQ program and reduce the stress and uncertainty associated with major offer rounds

## Recommended Assessment Process For Schools

The school representative is responsible for assessing applicants for the Early Offer. These assessments are to be based around academic skill and potential for success. The school representative makes this recommendation taking full responsibility for ensuring students who are approved will meet all requirements and pre-requisites and will have the ability to succeed within a bachelor level of study.

Nominated students are expected to have a low unexplained absence record and to be passing all of their Year 12 subjects.

To support your decision-making process, a table which outlines recommended options is below:
