PRE-REQUISITES
Pre-requisite: LAW 1101

SYNOPSIS
The law forms a significant part of the general environment within which financial institutions operate. It has an effect on the relationship between governments and financial institutions and more particularly between those institutions and their customers. Any person working in business requires a thorough grasp of relevant legal principles relevant to regulation of the finance industry and its participants, financial markets and products. Some areas of law covered include the provision of finance, securities for lending, insolvency and financing international trade.

OBJECTIVES
Upon successful completion of this course a student should:

- appreciate the legal background to the Australian financial system;
- appreciate the legal framework and constraints within which the financial institutions and financial markets and their customers/clients operate;
- understand the legal regulation of financial products, including negotiable instruments;
- understand relevant aspects of credit law in Australia covering business lending and insolvency and including the granting and realising of securities;
- appreciate the types of transactions involved in international trade and the role of banks in that context;
- appreciate the relationship between members of the professions employed by financial institutions and markets and their clients;
• be able to apply the law on identified topics to given fact situations
• demonstrate satisfactory skills in communication.

NOTES:

2. Students will be advised of the official examination date after the timetable has been finalised.

OTHER REQUIREMENTS

1. To be assured of a passing grade in this course, students must attempt all of the assessments, achieve at least 50% in the examination and at least 50% of the available marks for the course. Final grades for the course will be determined by the addition of the marks obtained in each assessment item, weighted as in the Assessment Details.

2. Students must retain a copy of all pieces of assessment which must be produced if/when required by the lecturer.

3. LATE ASSIGNMENTS (i) All assessments submitted after the due date (and not approved for extension) in accordance with university policy will be penalised 20% per working day. (ii) If students submit assignments after the due date and wish to claim extenuating circumstances then they shall provide validated documentary evidence with the assignment, explaining the circumstances. (iii) The course examiner shall consider the statement accompanying a late assignment and decide on the outcome.

4. Assignments not submitted in the appropriate assignment folders will be deemed as not being received.

5. DISHONEST ACTIONS (i) Any student who is alleged to having performed a dishonest action relating to any assessment in the course will have a course of action taken against him/her as outlined in the Academic Regulations. (ii) Pieces of assessment should be the work of individual students. Joint pieces of assessment are not permitted unless written approval has been obtained from the course leader. (iii) Dishonest action in relation to assessment includes: copying or attempting to copy the work of others; use of or attempting to use information prohibited from use in that form of assessment; submitting the work of another as your own; consciously committing acts of plagiarism, i.e. taking and using another's thoughts or writings as one's own with intent to deceive, which occurs when paragraphs, sentences, a single sentence or significant parts of a sentence which are copied directly, are not enclosed in quotation marks and appropriately footnoted or referenced in the text; direct quotations are not used, but text is paraphrased or summarised, and the source of the material is not acknowledged by footnoting or other reference in the text.

6. DEFERRED EXAMINATIONS (i) Deferred examinations will be granted at the Dean's discretion based on non-attendance for medical, compassionate or employment-related reasons having regard to item 1. If a deferred examination is
granted, students shall sit the deferred examination in the next semester examination
period. If, for whatever reason, this deferred examination is not taken then the
student will be graded 'F'. (ii) To be eligible for consideration for a deferred
examination, students must have submitted a genuine attempt at all mandatory
assessment items. (iii) Deferral of an examination CANNOT be granted on an
existing deferral in that course. (iv) Requests must be in writing to the Faculty
Operations Manager clearly stating student name, student number, current address,
course alpha-numeric identifier and name for the examination not attended. (v)
Requests MUST BE supported by original or suitably authenticated documentation.
(vi) Requests and documentation must be submitted to the Faculty Operations
Manager within ten (10) calendar days of the missed examination date. (vii)
Requests based on medical reasons must be supported by medical evidence on the
appropriate University of Southern Queensland medical certificate or doctor's
certificate. A medical certificate must be dated with the same date as the period of
illness for which the absence from examination is being sought and clearly indicate
the student's name and, if possible, student number (retrospective medical
certificates will not be accepted for either assignment work or examinations). Only
original or authenticated medical certificates will be accepted. A student's medical
condition must be stated clearly (IN ENGLISH). (Certificates stating a student has
a 'medical condition' may not be sufficient grounds for deferment of examination).
Medical evidence must cover the student for the day(s) of the missed examination(s).
(viii) Requests based on family/personal reasons must be supported by a clear
statement (IN ENGLISH) from a medical practitioner, counsellor or independent
member of the community. (ix) Requests based on employment-related reasons
must be supported by a clear statement (IN ENGLISH) from the student's employer.
(x) Students who have a medical condition or genuine compassionate or
employment-related problems on the day of the examination are advised to obtain
the relevant documentary evidence and NOT attempt the examination. If a student
makes an attempt at the examination, the assessment item will be marked and a
grade awarded. In these cases, a student cannot, after receiving a 'fail' grade, request
a deferred examination or special consideration. (xi) Students who have been
granted deferred examinations will not be granted a waiver of prerequisites, without
the permission of the Heads of Department, in subsequent semesters (if they do
not have a passing grade).

7 Course weightings of topics should not be interpreted as applying to the number
of marks allocated to questions testing those topics in an examination paper. The
examination may test material already tested in assignments.

8 Mechanised erasers are not permitted in exam venues.

9 The examination is OPEN which means that students are permitted to bring into
the exam room and use any written or printed material.
