IMPORTANT ASSESSMENT INFORMATION

1 Attendance requirements:
   If you are an International student in Australia it is a requirement of your student visa that you attend all classes at your campus. For all other students, there are no attendance requirements for this course. However, it is the students' responsibility to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2 Requirements for students to complete each assessment item satisfactorily:
   To complete the assignment satisfactorily, students must obtain at least 50% of the marks available for the assignment. To complete the examination satisfactorily, students must obtain at least 50% of the marks available for the examination.

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval then a penalty of 20% of the total marks available for the assignment will apply for each working day late.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must attempt all of the summative assessment items, achieve a mark of at least 50% for the assignment and achieve at least 50% in the examination. Students who do not qualify for a passing grade but achieve at least 50% of the available weighted marks for the summative assessment items may, at the discretion of the Examiner, be awarded a supplementary examination and/or assigned additional work to demonstrate to the Examiner that they have achieved the required standard. It is expected that such students will have gained at least 45% of the total marks available for the assessment item.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.

6 Examination information:
   This is a closed examination. Candidates are allowed to bring only writing and drawing instruments into the examination.

7 Examination period when Deferred/Supplementary examinations will be held:
   Any Deferred or Supplementary examinations for this course will be held during the next examination period.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6 Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL: http://www.usq.edu.au/SECARIAT/calendar/Part5/ or in the printed version of the current USQ Handbook. Students should also read The Guide to Policies and Procedures of the Faculty which can be found at the URL: http://www.usq.edu.au/handbook/2003/title663.html or in the printed version of the current USQ Handbook.
1 Assignments: (i) The due date for an assignment is the date by which a student must dispatch the assignment to the USQ. The onus is on the student to provide proof of the dispatch date, if requested by the Examiner. (ii) Students must retain a copy of each item submitted for assessment. This must be produced within five days if required by the Examiner. (iii) The Examiner may grant an extension of the due date of an assignment in extenuating circumstances. Applications for extensions should be in writing and must include supporting documentary evidence. Extensions are only granted in unforeseen and uncontrollable circumstances. The Examiner shall consider all documentary evidence (including statement from a doctor, employer, counsellor or independent member of the community as appropriate) accompanying an application for extension and decide on the outcome. Length of extensions: Up to one week's extension (five working days) may be granted if a signed statement with supporting documentation is sent with the assignment, proving that an unforeseen and uncontrollable circumstance caused the delay, for example unusual and unpredictable work or family commitments. If the signed statement and supporting documentation does not show that unforeseen and uncontrollable circumstances were present for the days claimed, then the normal reduction in marks for a late assignment of 20% per working day will apply. Extensions beyond one week are not allowed unless express permission is obtained from the Examiner. Extensions beyond one week are only granted in extreme circumstance because model answers may be distributed after this time. If you are likely to require an extension for a longer period than one week, you must contact the Examiner for advice. In most cases, you will be required to complete an alternative make-up assignment. However, make-up assignments are only granted if you have passed all other pieces of assessment for the course. Medical extensions: In the case of an application for extension for medical reasons, the documentation should include a statement from a doctor stating: the date the medical condition began or changed; how the condition affected the student's ability to study; when it became apparent that the student could not submit the assignment. As a rule, you will be granted an extension for the number of working days covered on a medical certificate. In the case of a medical extension, you do not need to contact the Examiner unless you require an extension of longer than one week. Extensions for family/personal reasons: In the case of an application for extension for family/personal reasons, the documentation should include a statement from a doctor, counsellor or independent member of the community stating: the date the student's personal circumstances began or changed; how the circumstances affected the student's ability to complete the assignment; when it became apparent that the student could not complete the assignment. In the case of an extension for family/personal reasons you must contact the Examiner before the due date to discuss the reason for the extension and to negotiate the length of an extension if granted. Extensions for employment-related reasons: In the case of an application for extension for employment-related reasons, the documentation should include a statement from the student's employer stating: the date the student's employment began or the conditions of employment changed; how this prevents the student from completing the assignment. In the case of an extension for employment-related reasons you must contact the Examiner before the due date to discuss the reason
for the extension and to negotiate the length of an extension if granted. (iv) The 
Examiner will normally only accept assessments that have been written, typed or 
printed on paper-based media. (v) The Examiner will not accept submission of 
assignments by facsimile. (v) Students who do not have regular access to postal 
services or who are otherwise disadvantaged by these regulations may be given 
special consideration. They should contact the Examiner of the course to negotiate 
such special arrangements. (vi) In the event that a due date for an assignment falls 
on a local public holiday in their area, such as a Show holiday, the due date for the 
assignment will be the next day. Students are to note on the assignment cover the 
date of the public holiday for the Examiner's convenience.

2 Text Books: It is the responsibility of the student to acquire a copy of the textbook 
as soon as their enrolment in the course has been confirmed. Extensions will not 
be granted on the basis of the student not having a copy of the text, if the text is 
available from the USQ bookshop.

3 Course Weightings: Course weightings of topics should not be interpreted as 
applying to the number of marks allocated to questions testing those topics in an 
examination paper.

4 Word Count in Assignments: Students must put the 'word count' for their assignment 
on the front page of the assignment. The word count is the number of words in the 
body of the assignment report and does not include the title, executive summary, 
list of references or appendices. To grade an assignment a marker does not need 
to read more words than the word limit of the assignment.

5 Make-up Work: Students who have undertaken all of the required assessments in 
a course but who have failed to meet some of the specified objectives of a course 
within the normally prescribed time may be awarded the temporary grade: IM 
(Incomplete - Make up). An IM grade will only be awarded when, in the opinion 
of the Examiner, a student will be able to achieve the remaining objectives of the 
course after a period of non-directed personal study.

6 Deferred Work: Students who, for medical, family/personal, or employment-related 
reasons, are unable to complete an assignment or to sit for an examination at the 
scheduled time may apply to defer an assessment in a course. Such a request must 
be accompanied by appropriate supporting documentation. One of the following 
temporary grades may be awarded: IDS (Incomplete - Deferred Examination); 
IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred 
Examination and Deferred Make-up).
