RATIONALE
This course is designed to permit the student to develop orchestral playing skills to an advanced level, allowing for a greater degree of musical and technical specialisation than is possible at the undergraduate level.

SYNOPSIS
Employment in professional orchestras today demands not only a high degree of solo performance skills but also training in specific areas relevant to the job such as knowledge of orchestral repertoire, sight reading skills, experience in undertaking orchestral auditions and participating in an orchestra as a means of completing their training. This course provides this training.

OBJECTIVES
On successful completion of this course, students will:

- exhibit a high degree of orchestral expertise preparing them for employment in a professional orchestra. The standard achieved in the successful completion of this course will be higher than that achieved in course MUS 4031.
