RATIONALE
Contemporary issues in education have historical sources, but they are affected by current social, economic, political and global factors. Australia is a pluralist society that is located in the Pacific Rim, as a first world country (the North) with links to the commonwealth. Australia has also been part of major social changes in recent times - globalism, technological innovations and mass communication are only some of the factors that impact on society. Education is influenced by these contemporary issues and teachers have become agents of social change. There are multiple envisaged futures and educators are encouraged to assess the impact of multiple contemporary issues on their specialist work. Thus students can assess the impact of contemporary issues on their day to day professional lives and how they might accommodate such thinking in effective and strategic ways.

SYNOPSIS
This course offers a range of topics that are clustered in ways that allow the candidate to select the best choice of modules to suit their professional needs. It is envisaged that candidates will select modules that will broaden their understanding of contemporary issues as they effect personal and professional life in education in its broadest sense. Hence, candidates should select the modules that do not replicate their specialist studies. The modules include a range of topical educational issues and the current theory which underpins them. Students are encouraged to include current socio-political issues in their studies, as such events occur.

OBJECTIVES
On successful completion of this course students will be able to:
• demonstrate an understanding of how current educational theory is shaped by contemporary social change;
• recognise how roles and responsibilities in educational and training environments are affected by contemporary educational theory in a range of areas;
• evaluate contemporary theory in a personal professional context;
• demonstrate an understanding of how change at the macrological level affects day to day educational practice; and
• demonstrate a deeper understanding of the inter-relatedness between theory and practice so that a personal praxis can be developed.

IMPORTANT ASSESSMENT INFORMATION

1. Attendance requirements:
   There are no attendance requirements for this course. However, it is the students' responsibility to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2. Requirements for students to complete each assessment item satisfactorily:
   To complete each of the assessment items satisfactorily, students must obtain at least 50% of the marks available (or at least a grade of C-) for each assessment item.

3. Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval then a penalty of 10% of the total marks gained by the student for the assignment will apply for each working day late.

4. Requirements for student to be awarded a passing grade in the course:
   To be assured of a passing grade, students must demonstrate, via the summative assessment items, that they have achieved the required minimum standards in
relation to the objectives of the course by satisfactorily completing all summative assessment items.

5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.

6 Examination information:
There is no examination in this course.

7 Examination period when Deferred/Supplementary examinations will be held:
There will be no Deferred or Supplementary examinations in this course.

8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ Handbook.

**ASSESSMENT NOTES**

1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner.

2 Students must retain a copy of each item submitted for assessment. This must be produced within five days if required by the Examiner.

3 The examiner may grant an extension of the due date of an assignment in extenuating circumstances.

4 In the event that a due date for an assignment falls on a local public holiday in their area, such as a Show holiday, the due date for the assignment will be the next working day. Students are to note on the assignment cover the date of the public holiday for the Examiner's convenience.

5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.

6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.
8 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media.

9 Marking criteria are provided in course material as mark sheets/guides or as part of assignment specifications.

10 All assessment items must be submitted with a pass overall gained.

11 Summative assessment items will receive a numerical score. Any ungraded assessment requirement will receive a Pass, Fail or Incomplete.

12 A discussion list service will be set up for this course and details can be found in the Study Book. Those with Internet access are encouraged to participate in the group.

OTHER REQUIREMENTS

1 Students will require access to e-mail and Internet access to USQConnect for this course.

2 Students are to use a recognised referencing system as specified by the course examiner.
