RATIONALE

It is recognised that many postgraduate students need the opportunity to explore or investigate a topic of their own choosing in order to link more closely their professional interests or needs to their program of studies. Project courses are designed to provide such an opportunity.

SYNOPSIS

Students will, under the guidance of a member of staff, pursue an in-depth study of a topic relevant to the field of education, and in particular to the focus of the student's major study area. The type of study does not necessarily involve research, but should include a substantial investigatory component leading to the submission of a written research report, material production or essay demonstrating comprehensive and detailed coverage of major concepts, issues, and research/professional literature. All student project proposals will be the subject of a critical review and final topics may be the result of extensive lecturer-student negotiation.

OBJECTIVES

On successful completion of the project the students will have:

- demonstrated the ability to plan, conduct and report on an investigation or other such scholarly activity focused on an issue or topic of significance in the field of education.

IMPORTANT ASSESSMENT INFORMATION

1 Attendance requirements:
   There is no attendance requirements for this course.

2 Requirements for students to complete each assessment item satisfactorily:
   Not applicable.

3 Penalties for late submission of required work:

   penalty of 20% of the total marks available for the assignment will apply for each
   week late.

4 Requirements for student to be awarded a passing grade in the course:
   Not applicable.

5 Method used to combine assessment results to attain final grade:
   The course examiner is responsible for awarding grades. Projects developed for
   EDU8354 will be examined initially by the student's supervisor. The supervisor
   will make a recommendation of a grade to the course examiner who will normally
   accept the recommended grade once all the requirements for the course are
   completed. Where the course examiner has any doubts about the appropriateness
   of the grade recommended by the supervisor the project is assessed by a second
   assessor nominated by the course examiner. The course examiner will then decide
   the grade taking into account both grades.

6 Examination information:
   There is no examination in this course.

7 Examination period when Deferred/Supplementary examinations will be held:
   There will be no Deferred or Supplementary examinations in this course.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10
   Academic Misconduct for further information and to avoid actions which might
   contravene University Regulations. These regulations can be found at the URL
   http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ
   Handbook.

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the
   assignment to the USQ. The onus is on the student to provide proof of the despatch
   date, if requested by the Examiner.

2 Students must retain a copy of each item submitted for assessment. This must be
   produced within five days if required by the Examiner. The student must retain
   this copy until the grade for this course has been finalised.

3 The examiner may grant an extension of the due date of an assignment in
   extenuating circumstances.

4 In the event that a due date for an assignment falls on a local public holiday in their
   area, such as a Show holiday, the due date for the assignment will be the next
   working day. Students are to note on the assignment cover the date of the public
   holiday for the Examiner's convenience.
5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.

6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.

8 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media.

9 Marking criteria will depend upon the nature of individual projects.

10 All assessment items must be submitted and passed.

12 Student workload requirements are as required for the completion of the study and as negotiated between student and supervisor.
