Student contribution band: 2
ASCED code: 039901

STAFFING
Examiner: Ernest Yoong
Moderator: Rabi Misra

REQUISITES
Pre-requisite: ENV4203

SYNOPSIS
Students will gain an understanding of the engineering practice of environmental sanitation and evaluate some tests to ascertain the quality of water using bio-chemical and engineering principles. Students will engage in a range of activities related to environmental engineering practice through laboratory experiments, field excursion, and lecture/tutorial.

OBJECTIVES
On completion of this course, students should be able to:

1. describe the operational functions involved in a water treatment plant that represent chemical and physical processes;
2. describe the operational functions involved in a wastewater treatment plant that represents the physical, chemical and biological processes;
3. review basic chemistry concepts and calculations related to water quality;
4. evaluate equipment used in the examination of water quality;
5. conduct tests to ascertain the quality of water;
6. conduct tests related to noise and odour pollution.

### TEXT and MATERIALS required to be PURCHASED or ACCESSED:

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at http://bookshop.usq.edu.au click 'Semester', then enter your 'Course Code' (no spaces).

- Hand held battery operated calculator.
- Laboratory coat.

### REFERENCE MATERIALS:

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

- National Health and Medical Research Council 1996, *Australian Drinking Water Guidelines,*

IMPORTANT ASSESSMENT INFORMATION

1. Attendance requirements:
   This course requires attendance at a residential school. It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2. Requirements for students to complete each assessment item satisfactorily:
   To be assured of receiving a passing grade, students must complete at least 80% of the practical and other activities at a satisfactory standard at the Residential School for the course. Students must submit, by the due date, a practical report which meets the requirements of the assessment scheme.

3. Penalties for late submission of required work:
   Practical reports submitted after the due date will not be assessed.

4. Requirements for student to be awarded a passing grade in the course:
   To be assured of a passing grade, students must demonstrate, via the summative assessment items, that they have achieved the required minimum standards in relation to the objectives of the course by satisfactorily completing the summative assessment items, as stated in 2 above.

5. Method used to combine assessment results to attain final grade:
   As P is the only passing grade available for this course, all students who are qualified for a passing grade, under the requirements in 4 above, will be given a grade of P. Other students will be given either a Failing grade or an Incomplete grade.

6. Examination information:
   There is no examination in this course.

7. Examination period when Deferred/Supplementary examinations will be held:
   Not applicable.
8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10
   Academic Misconduct for further information and to avoid actions which might
   contravene University Regulations. These regulations can be found at the URL
   http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ
   Handbook.

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the
   assignment to the USQ. The onus is on the student to provide proof of the despatch
   date, if requested by the Examiner.
2 Students must retain a copy of each item submitted for assessment. This must be
   despatched to USQ within 24 hours if required by the Examiner.
3 In accordance with University's Assignment Extension Policy (Regulation 5.6.1),
   the examiner of a course may grant an extension of the due date of an assignment
   in extenuating circumstances.
4 The Faculty will normally only accept assessments that have been written, typed
   or printed on paper-based media.
5 The Faculty will NOT accept submission of assignments by facsimile.
6 Students who do not have regular access to postal services or who are otherwise
   disadvantaged by these regulations may be given special consideration. They should
   contact the examiner of the course to negotiate such special arrangements.
7 In the event that a due date for an assignment falls on a local public holiday in their
   area, such as a Show holiday, the due date for the assignment will be the next day.
   Students are to note on the assignment cover the date of the public holiday for the
   Examiner's convenience.
8 Students who have undertaken all of the required assessments in a course but who
   have failed to meet some of the specified objectives of a course within the normally
   prescribed time may be awarded the temporary grade: IM (Incomplete - Make up).
   An IM grade will only be awarded when, in the opinion of the examiner, a student
   will be able to achieve the remaining objectives of the course after a period of
   non-directed personal study.
9 Students who, for medical, family/personal, or employment-related reasons, are
   unable to complete an assignment or to sit for an examination at the scheduled time
   may apply to defer an assessment in a course. Such a request must be accompanied
   by appropriate supporting documentation. One of the following temporary grades
   may be awarded IDS (Incomplete - Deferred Examination; IDM (Incomplete
   Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred
   Make-up).

OTHER REQUIREMENTS

1 Students will require access to e-mail and internet access to USQConnect for this
   course.
