OTHER-REQUISITES
It is highly recommended that students complete FIN1101 and FIN2105 before enrolling in this course. If you have not, you may find it difficult to successfully complete this course.

SYNOPSIS
This course has been written with the intention of providing a systematic analysis of a representative range of analytical issues in international finance and investment against the background of global financial markets. The course initially examines the international monetary system and analyses exchange rates, their determinants and their relationship to significant economic factors. The remainder of the course adopts the investment, financing and dividend decisions of firms and applies them to an international setting.

OBJECTIVES
Upon completion of this course, students should be able to:

- understand the foundations and characteristics of the international monetary system;
- understand the function and structure of the foreign exchange market;
- apply exchange rate quotations in their various forms to appropriate situations;
- understand the determinants of exchange rates;
- identify and manage various foreign exchange exposure;
- comprehend the nature and operation of forwards, futures, options and swap financial markets;
- analyse how firms can utilise the global capital market to minimise their cost of capital and maximise availability;
- describe the decision process that leads to foreign direct investment;
- analyse capital budgeting for projects located abroad;
• analyse working capital management within the operations of an MNE;
• describe the export and import financing of firms;
• analyse how an MNE can evaluate its overall performance, as well as the performance of its foreign affiliates.

**NOTES:**

1. Presentation date to be advised.
2. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date for Exam (Parts A and B) after the timetable has been finalised. The total working time for Exam (Parts A and B) is 3 hours.

**IMPORTANT ASSESSMENT INFORMATION**

1. Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration. If you are an international student in Australia you are advised to attend all classes at your campus. Failure to attend may infringe the conditions of your student visa.
2 Requirements for students to complete each assessment item satisfactorily:
   To complete the presentation satisfactorily, students must attempt the presentation.
   To complete the assignment satisfactorily, students must attempt all questions. To
   complete the examination satisfactorily, students must obtain a passing grade.

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval by the
   Examiner, a penalty of 20% of the total marks gained by the student for the
   assignment will apply for each working day late.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must submit all of the
   summative assessment items, achieve at least 50% in the examination and at least
   50% of the available weighted marks for the summative assessment items.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the weighted aggregate
   of the marks obtained for each of the summative assessment items in the course.

6 Examination information:
   This is a restricted examination. Candidates are allowed access to specific materials
   during the examination. The only materials that candidates may use in the restricted
   examination for this course are: writing materials (non-electronic and free from
   material which could give the student an unfair advantage in the examination);
   calculators which cannot hold textual information (students must indicate on their
   examination paper the make and model of any calculator(s) they use during the
   examination). Students are not permitted to take mobile telephones, pagers or other
   electronic means of communication into the examination room.

7 Examination period when Deferred/Supplementary examinations will be held:
   Any Deferred or Supplementary examinations for this course will be held during
   the next examination period.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10
   Academic Misconduct for further information and to avoid actions which might
   contravene University Regulations. These regulations can be found at the URL
   http://www.usq.edu.au/corporateservices/calendar/part5.htm. Students should also
   read the Faculty of Business Guide to Policies and Procedures of the Faculty which

ASSESSMENT NOTES

1 Assignments: (i) The due date for an assignment is the date by which a student
   must despatch the assignment to the USQ. The onus is on the student to provide
   proof of the despatch date, if requested by the Examiner. (ii) Students must retain
   a copy of each item submitted for assessment. This must be produced within 24
   hours if required by the Examiner. (iii) The Examiner may grant an extension of
   the due date of an assignment in extenuating circumstances. All applications for
   extensions must be accompanied by supporting documentation. In all circumstances
   no assignments will be accepted two calendar weeks after the due date. The
   Examiner shall consider the statement accompanying a late assignment and decide
   on the outcome. (iv) The Examiner will not accept submission of assignments by
facsimile. (v) Assignments are to be submitted with the appropriate assignment cover.

2 *Course Weightings:* Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper. The examination may test material already tested in assignments.

3 *Dishonest Actions:* (i) Any student who is alleged to have performed a dishonest action relating to any assessment in the course will have a course of action taken against him/her as outlined in the Academic Regulations. (ii) Pieces of assessment should be the work of individual students. Joint pieces of assessment are not permitted unless written approval has been obtained from the Examiner. (iii) Dishonest action in relation to assessment includes: copying or attempting to copy the work of others; use of or attempting to use information prohibited from use in that form of assessment; submitting the work of another as your own; consciously committing acts of plagiarism, i.e., taking and using another's thoughts or writings as one's own with intent to deceive, which occurs when paragraphs, sentences, a single sentence or significant parts of a sentence which are copied directly, are not enclosed in quotation marks and appropriately footnoted or referenced in the text; direct quotations are not used, but text is paraphrased or summarised, and the source of the material is not acknowledged by footnoting or other reference in the text.

4 *Deferred Examinations:* (i) Deferred examinations will be granted based on non-attendance for medical reasons, family/personal reasons, or employment-related reasons. Deferred examinations must be recommended by the Faculty Assessment Coordinator and approved by the Examiner or Moderator or Dean's Nominee. If a deferred examination is granted, students shall sit the deferred examination in the next semester examination period. If, for whatever reason, this deferred examination is not taken then the student will be graded 'F'. (ii) To be eligible for consideration for a deferred examination, students must have submitted a genuine attempt at all mandatory assessment items. (iii) Deferral of an examination CANNOT be granted on an existing deferral in that course. (iv) Requests must be in writing to the Faculty Assessment Coordinator clearly stating student name, student number, current address, course alpha-numeric identifier and name for the examination not attended. (v) Requests MUST BE supported by original or suitably authenticated documentation. (vi) Requests and documentation must be submitted to the Faculty Assessment Coordinator within ten (10) calendar days of the missed examination date. (vii) Requests based on medical reasons must be supported by medical evidence on the appropriate University of Southern Queensland medical certificate or doctor's certificate. A medical certificate must be dated with the same date as the period of illness for which the absence from examination is being sought and clearly indicate the student's name and, if possible, student number (retrospective medical certificates will not be accepted for either assignment work or examinations). Only original or authenticated medical certificates will be accepted. A student's medical condition must be stated clearly (IN ENGLISH). (Certificates stating a student has a 'medical condition' may not be sufficient grounds for deferment of examination). Medical evidence must cover the student for the day(s) of the missed examination(s). (viii) Requests based on family/personal reasons must be supported by a clear statement (IN ENGLISH) from a medical practitioner, counsellor or independent member of the community. (ix) Requests based on
employment-related reasons must be supported by a clear statement (IN ENGLISH) from the student's employer. (x) Students who have a medical condition or genuine compassionate or employment-related problems on the day of the examination are advised to obtain the relevant documentary evidence and NOT attempt the examination. If a student makes an attempt at the examination, the assessment item will be marked and a grade awarded. In these cases, a student cannot, after receiving a 'fail' grade, request a deferred examination or special consideration. (xi) Students who have been granted deferred examinations will not be granted a waiver of prerequisites, without the permission of the Head of Department, in subsequent semesters (if they do not have a passing grade).
