RATIONALE
Law provides a framework within which businesses may operate - regulating, to a greater or lesser extent, their structures, management and transactions. An appreciation of the legal ramifications of particular actions and inactions is important for those entrusted with managerial responsibility.

SYNOPSIS
In order to introduce students to the impact of law on business, this course looks at the Australian legal system and the courts (eg: the way in which legal decisions are made and their significance). It also covers in some detail areas of the law relevant to business, such as contract law (including agency law), selected topics from the law of torts, remedies, aspects of the law relating to some of the main business structures, aspects of property law and aspects of bankruptcy law.

OBJECTIVES
Successful completion of this course should enable students to:

1. understand and, where necessary, describe the Australian legal system, its components and the way it operates;
2. demonstrate basic skills in statutory interpretation and the operation of precedent;
3. explain the basic principles of law in the specific substantive topics covered;
4. identify the legal issues raised by case studies and apply the relevant legal principles to resolve those issues;
5. demonstrate satisfactory skills in communication.

ASSESSMENT NOTES

1 Assignments: (i) The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner. (ii) Students must retain a copy of each item submitted for assessment. This must be produced within 24 hours if required by the Examiner. (iii) The Examiner may grant an extension of the due date of an assignment in extenuating circumstances. If students submit assignments after the due date and wish to claim extenuating circumstances then they shall provide validated documentary evidence with the assignment, explaining the circumstances. The Examiner shall consider the statement accompanying a late assignment and decide on the outcome. (iv) Assignments are to be submitted with the appropriate assignment cover. (v) The Examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (vi) In the event that a due date for an assignment falls on a local public holiday in their area, such as a Show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the Examiner's convenience.

2 Course Weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper. The examination may test material already tested in assignments.

3 Deferred Work: Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must
be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded: IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

4 Internet Access: It will be assumed by the Examiner that all students enrolled in LAW5503 will have Internet access and can access such facilities as the course electronic discussion group.
