RATIONALE
In effective child-responsive environments, teachers require a range of theoretical paradigms to guide their curriculum decisions. In their roles as advocates, early childhood educators must be effective communicators with the children in their care and the wider community. In creating, implementing and maintaining appropriate health, nutrition and movement programs for young children, educators require a thorough understanding of the complexity of the associated issues as well as an excellent understanding of a range of teaching strategies and resources. Early Childhood educators must be well informed in order to offer quality programs for young children that enhance their learning and well-being; it is in the vital early years that children’s life trajectories are determined.

SYNOPSIS
This course provides pre-service teachers with opportunities to apply their knowledge of child development in order to be responsive to children’s skills and needs. It challenges them to explore a range of physical activities as a basis for enhancing children’s development of skilful movement, creative problem solving and positive self through active play. Students are required to identify practical opportunities for healthy and safe environments as well as to understand health issues, policies and procedures that impact on the provision of programs for young children. This course will facilitate the development of skills to enable students to research, make informed decisions,
reflect on practice and apply a range of communication skills. This course emphasises literacy correctness in all its forms. Students undertaking this course are required to complete 5 days of professional experiences in an approved educational setting. IMPORTANT NOTE: Working with Children: State law in Queensland requires that all adults (including university students, pre-service educators, trainers, vocational teachers, industry educators) working with children under the age of 18, in the State of Queensland*, obtain approval before commencing such work. Many education courses include a practical component (professional experience, project work, research, assessment etc.) that may require engagement with children under the age of 18. It is your responsibility to ensure that you possess a current suitability card (Blue Card) before commencing any practical components of this course. DO NOT PARTICIPATE IN ANY PRACTICAL EXPERIENCE WITH CHILDREN UNDER 18 UNLESS YOU POSSESS A CURRENT 'BLUE CARD'. For further information: http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html *If you are undertaking practical experience outside the State of Queensland, Australia you should check local requirements.

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the examiner.

2 Students must retain a copy of each item submitted for assessment. This must be produced within twenty-four (24) hours of receipt of request being made by the examiner. The student must retain this copy until the grade for this course has been finalised.

3 In accordance with the University's assignment extension policy (Regulation 5.6.1), the examiner may grant an extension of the due date of an assignment in extenuating circumstances.
4 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media. The Faculty will NOT accept submission of assignments by facsimile. Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements.

5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.

6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete - Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.

8 Marking criteria are provided in course material as mark sheets/guides or as part of assignment specifications.

9 Students must satisfactorily complete the Professional Experience and the Professional Experience Folder.

10 As P is the only passing grade available for this course assessment items will receive a Pass, Fail or Incomplete.
