RATIONALE
Educators responsible for teaching in postprimary educational settings need a clear understanding of the nature of adolescent development and an awareness of the particular psychological, social, and instructional characteristics of adolescent learners. This knowledge will assist these teachers to understand, plan for, and effectively teach students who are in their adolescent years.

SYNOPSIS
In the period of adolescence, very significant development occurs physically, socially, intellectually, and emotionally. Rapid spurts in growth and the onset of physical maturity are obvious changes. Cognitive, social, personal and emotional development are central to the development of identity during adolescence and are major influences in planning and implementing an educational curriculum in postprimary and training settings. Students undertaking this course will develop an understanding of the developmental characteristics of adolescents and of the implications of that development for planning and implementing educational programs. IMPORTANT NOTE: Working with Children: State law in Queensland requires that all adults (including university students, pre-service educators, trainers, vocational teachers, industry educators) working with children under the age of 18, in the state of Queensland®, obtain approval before commencing such work. Many education courses include a practical component (professional experience, project work, research, assessment etc..) that may require engagement with children under the age of 18. It is your responsibility to ensure that you possess a current suitability card (Blue Card) before commencing any practical components of this course. DO NOT PARTICIPATE IN ANY PRACTICAL EXPERIENCE WITH CHILDREN UNDER 18 UNLESS YOU POSSESS A CURRENT ‘BLUE CARD’. For further information: http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html. *If you are undertaking practical experience outside the state of Queensland, Australia you should check local requirements.

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the
   assignment to the USQ. The onus is on the student to provide proof of the despatch
   date, if requested by the Examiner.

2 Students must retain a copy of each item submitted for assessment. This must be
   produced within five days if required by the Examiner.

3 The examiner may grant an extension of the due date of an assignment in extenuating
   circumstances.

4 The Faculty will normally only accept assignments that have been written, typed or

   necessary.

10 Marking criteria are provided in course material as mark sheets/guides or as part of
    assignment specifications.

11 All assessment items must be attempted/submitted and passed.
