RATIONALE
Teachers consistently rate the management of pupil social and behavioural problems as one of their major concerns. It is therefore important that teachers be able to develop the knowledge and skills necessary to effectively deal with these problems in a way which promotes a positive teaching and learning environment for all children.

SYNOPSIS
The overall aim of this course is to introduce teachers to information concerning: emotional and behavioural problems of children and adolescents; the nature of the causes of these problems; and various approaches to assisting young people to overcome these problems. The course outlines the kinds of problems teachers can expect to encounter and elaborates on a range of strategies, both preventive and remedial, for responding in a positive and effective manner to them. The intent of the course is to assist teachers to develop a sound understanding of the nature of emotional and behavioural problems of children and young people, and to develop an awareness of appropriate ways of dealing with the difficulties. Note: Students will require access to a 'case' for review and analysis. IMPORTANT NOTE: Working with Children: State law in Queensland requires that all adults (including university students, pre-service educators, trainers, vocational teachers, industry educators) working with children under the age of 18, in the state of Queensland*, obtain approval before commencing such work. Many education courses include a practical component (professional experience, project work, research, assessment etc..) that may require engagement with children under the age of 18. It is your responsibility to ensure that you possess a current suitability card (Blue Card) before commencing any practical components of this course. DO NOT PARTICIPATE IN ANY PRACTICAL EXPERIENCE WITH CHILDREN UNDER 18 UNLESS YOU POSSESS A CURRENT 'BLUE CARD'. For further information: http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html. *If you are undertaking practical experience outside the state of Queensland, Australia you should check local requirements.
