RATIONALE
Community consultation and development has rapidly become the principal approach by which organisations are strategically and responsively managing and coordinating their business affairs. The demand for expertise in this area is high at present and this is predicted to continue into the future with the ongoing expansion of democratisation in modern communities.

SYNOPSIS
This course introduces students preparing to enter professional contexts to contemporary communication management strategies and techniques used in community development and consultation. Students will develop practical and conceptual skills in relation to the trends, issues and processes involved in project planning and implementation, and the building of social capital through community consultation and collaborative action.

OBJECTIVES
On successful completion of this course students will be able to:

1. demonstrate an informed awareness of the broad context in which social processes, particularly community consultation, development and planning occur;
2. demonstrate an understanding of the modern developments in democracy (including organisational) in relation to their influence on community participation and consultation in government and corporate sector planning;
3. demonstrate an understanding of the core communicative skills and organisational planning competences required for executing community consultation activities;
4. demonstrate an understanding of the key procedures used in conducting community consultation and development projects;
5. evaluate a range of prominent methodological issues and complexities involved in conducting community consultation;
6. apply procedural writing methods used for documenting, reporting and evaluating community consultation and participation projects.

IMPORTANT ASSESSMENT INFORMATION

1 Attendance requirements:
   It is the student's responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2 Requirements for students to complete each assessment item satisfactorily:
   To be assured of completing each assessment item satisfactorily a student must submit all of the items of summative assessment by the due date and achieve on each the minimum specified standards outlined in 4 (Requirements for a pass in the course).

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval, then a penalty of 10% of the total marks available for the assignment will apply for each of the first FIVE working days late, after which a zero mark will be given.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade, a student must: (i) submit all of the summative assessment items; and (ii) achieve at least 50% of the available weighted marks for the summative assessment items.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.

6 Examination information:
   There is no exam for this course.

7 Examination period when Deferred/Supplementary examinations will be held:
   Given the details under (6) above, there are no deferred exams for this course. However, if any deferred/makeup work is granted, it would have to be submitted by a date set by the examiner.

8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ Handbook.

ASSESSMENT NOTES

9 (a) The due date for an assignment is the date by which a student must lodge the assignment at the USQ. (b) Students must retain a copy of each item submitted for assessment. This must be produced within five days if required by the Examiner. (c) In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the examiner of a course may grant an extension of the due date of an assignment in extenuating circumstances such as documented ill-health. (d) Students who have undertaken all of the required assessments in the course but who have failed to meet some of the specified objectives of the course within the normally prescribed time may be awarded the temporary grade: IM Incomplete-Makeup). An IM grade will only be awarded when, in the opinion of the examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study. (e) Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or sit for an examination at the scheduled time, may apply to defer an assessment in the course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded: IDS (Incomplete - Deferred Examination; IDM (Incomplete Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).
