Examiner: Alan Keighran
Moderator: Johanna Makin

REQUISITES
Pre-requisite: ACC5202 Co-requisite: ACC5215

OTHER REQUISITES
Students are required to have access to a personal computer, e-mail capabilities and Internet access to USQConnect. Current details of computer requirements can be found at http://www.usq.edu.au/handbook/current/busgeninfo.html

SYNOPSIS
This course introduces the concepts and practices of company financial report audits within the assurance framework. It deals primarily with the process by which the external company auditor, within the Australian professional, ethical and legal framework, appraises and reports on the truth and fairness of the company's financial statements. The course is oriented towards the auditing profession and, in keeping with current practice, adopts a risk-based audit approach and follows the Australian Auditing Standards that are based on the International Standards on Auditing. The course looks at how financial statement audits are conducted in computer-based and manual environments for selected systems. Limited practical exposure to auditing is provided through requiring students to complete a case study as part of the assessment for the course.

OBJECTIVES
The course objectives define the student learning outcomes for a course. The assessment item/s that may be used to assess student achievement of an objective is/are shown in parentheses after each objective. On successful completion of this course, students should be able to:

1. explain the need for an independent audit (CMA Test, Examination)
2. appreciate the various auditing standards and procedures and the application of these to the conduct of an audit (Case Study, CMA Test, Examination)
3. follow the development of case law and statute law in respect of the definition of the auditor’s responsibilities (CMA Test, Examination)
4. appreciate the audit process, beginning with the planning phase, through the documentation stages, to the testing (interim and final), evaluation and reporting stages (Case Study, CMA Test, Examination)
5. appreciate the concepts of internal controls and audit testing procedures (Case Study, CMA Test, Examination)
6. understand the principles and application of audit sampling techniques (CMA Test, Examination)
7. appreciate the internal controls associated with the audit of computer information systems (CMA Test, Examination)
8. decide on the appropriateness of different types of audit reports and prepare such audit reports (CMA Test, Examination).

**NOTES**

1. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

**IMPORTANT ASSESSMENT INFORMATION**

1. Attendance requirements:

   It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their
chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2 Requirements for students to complete each assessment item satisfactorily:
   To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval then a penalty of 20% of the total marks gained by the student for the assignment will apply for each working day late.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must submit all of the assessment items, achieve at least 50% for the examination and at least 50% of the total weighted marks available for the course.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.

6 Examination information:
   This is a restricted examination. Candidates are NOT permitted to bring any books, notes, dictionaries or handbooks into the examination. The only materials that candidates may use in the restricted examination for this course are: writing materials (non-electronic and free from material which could give the student an unfair advantage in the examination); calculators which cannot hold textual information (students must indicate on their examination paper the make and model of any calculator(s) they use during the examination). Students are not permitted to take any computers, mobile telephones, pagers or other electronic means of communication into the examination room.

7 Examination period when Deferred/Supplementary examinations will be held:
   Any Deferred or Supplementary examinations for this course will be held during the next examination period.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL http://www.usq.edu.au/corporateservices/calendar/part5.htm. Students should also read the Faculty of Business Guide to Policies and Procedures of the Faculty which can be found at the URL http://www.usq.edu.au/handbook/current/buspolproc.html.

ASSESSMENT NOTES

1 Assignments: (i) The due date for an assignment is the date by which a student must submit the assignment to the USQ. (ii) Students must retain a copy of each assignment submitted for assessment. This must be produced within 24 hours if required by the examiner. (iii) In accordance with university policy, the examiner may grant an extension of the due date of an assignment in extenuating circumstances. (iv) Assignments are to be submitted with the appropriate assignment cover. (v) The examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (vi) Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner to negotiate such special arrangements. (vii) In the event that a due date for an assignment
falls on a local public holiday in their area, such as a show holiday, the due date for the
assignment will be the next day. Students are to note on the assignment cover the date of
the public holiday for the examiner's convenience.

2 Course weightings: Course weightings of topics should not be interpreted as applying to
the number of marks allocated to questions testing those topics in an examination paper.
The examination may test material already tested in assignments.

3 Dishonest actions: (i) Any student who is alleged to have performed a dishonest action
relating to any assessment in the course will have a course of action taken against him/her
as outlined in the academic regulations. (ii) Pieces of assessment should be the work of
individual students. Joint pieces of assessment are not permitted unless written approval
has been obtained from the examiner. (iii) Dishonest action in relation to assessment
includes: copying or attempting to copy the work of others; use of or attempting to use
information prohibited from use in that form of assessment; submitting the work of another
as your own; consciously committing acts of plagiarism, that is, taking and using another's
thoughts or writings as one's own with intent to deceive, which occurs when paragraphs,
sentences, a single sentence or significant parts of a sentence which are copied directly,
are not enclosed in quotation marks and appropriately footnoted or referenced in the text;
direct quotations are not used, but text is paraphrased or summarised, and the source of
the material is not acknowledged by footnoting or other reference in the text.

4 Deferred Work: Students who, for medical, family/personal, or employment-related
reasons, are unable to complete an assignment or to sit for an examination at the scheduled
time may apply to defer an assessment in a course. Such a request must be accompanied
by appropriate supporting documentation. One of the following temporary grades may be
awarded: IDS (Incomplete - Deferred Examination); IDM (Incomplete Deferred Make-up);
IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

OTHER REQUIREMENTS

1 Learning resources: Prescribed texts and materials (see above); recommended reference
materials (see above); printed Introductory Book*, Selected Readings*, Study Book*,
Answer Book*; and course Website accessible via USQConnect. *part of the study package
available from the USQ Bookshop
