OTHER REQUISITES
State law in Queensland (Australia) requires that all adults working/undertaking professional experience/researching with children under the age of 18, in the state of Queensland are required to possess a current suitability card (Blue Card). (See "Other Requirements" for further information.) Also see: http://www.childcomm.qld.gov.au/employment/bluecard/informationSheets.html

RATIONALE
A relatively small but significant percentage of students in schools present teachers with major problems and challenges in terms of misbehaviour. While teachers are generally well prepared to deal with minor instances of non-compliance, students who exhibit more severe and chronic behaviour problems are extremely difficult to manage in the classroom and often need specialised and whole school responses if interventions are to be successful. More and more teachers are in need of advanced behaviour management strategies to assist them to maintain a classroom environment where all students feel accepted and safe, and where teaching and learning can take place at an optimum level.

SYNOPSIS
In this course students are introduced to a behaviour management plan which incorporates strategies for basic and corrective behaviour management. The focus is on students who exhibit chronic behaviour problems, and in particular conduct disorders and how the behaviour of these students can be directed and redirected towards more socially acceptable and appropriate outcomes. Attention is given to strategies and processes for primary preventative management, school-wide management and specialised training in social skills, conflict management and anger management.
OBJECTIVES

The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parenthesis. On completion of this course students will be able to:

1. identify and describe common types of disruptive and anti-social behaviour in the classroom (Assignment 1)
2. describe and explain basic preventive management procedures (Assignment 1)
3. describe and explain basic corrective procedures for use in classroom situations where teachers are confronted with challenging and disruptive behaviours (Assignment 1)
4. describe procedures for dealing with the problem behaviour of students who exhibit chronic behaviour problems in the classroom (Assignment 2)
5. identify a range of school-level and system level programs for students with chronic behaviour problems. (Assignment 2)
6. demonstrate competence in written language and scholarly writing including correct spelling, grammar and bibliographic referencing. (All assessment items)
7. demonstrate where appropriate, ways in which ICT's could be used to assist in establishing positive relations within the school community. (All assessment items)

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner.

2 Students must retain a copy of each item submitted for assessment. This must be produced within twenty-four (24) hours of receipt of request being made by the Examiner. The student must retain this copy until the grade for this course has been finalised.

3 The Examiner may grant an extension of the due date of an assignment in extenuating circumstances.

4 In the event that a due date for an assignment falls on a local public holiday in their area, the due date for the assignment will be the next working day. Students are to note on the assignment cover the date of the public holiday for the Examiner’s convenience.

5 Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the Examiner, a student will be able to achieve the remaining objectives of the course after a period of non-directed personal study.

6 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment or to sit for an examination at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. One of the following temporary grades may be awarded IDS (Incomplete - Deferred Examination); IDM (Incomplete - Deferred Make-up); IDB (Incomplete - Both Deferred Examination and Deferred Make-up).

7 When there is more than one marker for a single item of assessment, the distributed patterns and means for the different markers will be compared and marks adjusted if necessary.

8 The Faculty will normally only accept assessments that have been written, typed or printed on paper-based media. The Faculty will NOT accept submission of assignments by facsimile. Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the Examiner of the course to negotiate such special arrangements.

9 Marking criteria are provided in course material as mark sheets/guides or as part of assignment specifications.

10 Summative assessment items will receive a numerical mark.
