RATIONALE
Trade is increasingly being facilitated by governments through trade agreements and the abolition of trade barriers. Accordingly multinational businesses today have to deal with international suppliers, customers and financiers. Profitability in these circumstances depends on the understanding and effective management of risks, financial instruments and taxation regimes.

SYNOPSIS
This course covers the concepts and mechanics of international money and capital markets. It includes exchange rate dynamics and forecasting, discussion of exchange rate risk and exposure management, sources of International Finance and international capital budgeting techniques. The course will also include an assessment of the implications of taxation in international business decision making, and foreign investment and exchange controls.

OBJECTIVES
The course objectives define the student learning outcomes for a course. The assessment item/s that may be used to assess student achievement of an objective is/are shown in parentheses after each objective. On successful completion of this course, students should be able to:

1. apply basic foreign exchange trading techniques including the use of derivative instruments (Assignment, Examination)
2. identify and apply regulations relevant to the taxation of Foreign Source Income of Australian residents including tax treaties (Assignment, Examination)

3. identify and manage foreign exchange risks and exposures (Assignment, Examination)

4. identify and explain alternative sources of finance available to Multinational Corporations in making Capital Structure decisions (Assignment, Examination)

5. identify and apply relevant issues to be considered in assessing the capital structure of an offshore project and in international portfolio management (Assignment, Examination).

NOTES

1. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

IMPORTANT ASSESSMENT INFORMATION

1 Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2 Requirements for students to complete each assessment item satisfactorily:
   To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval of the examiner, then a penalty of 5% of the total marks gained by the student for the assignment may apply for each working day late up to ten working days at which time a mark of zero may be recorded.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must achieve at least 50% of the total weighted marks available for the course.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.

6 Examination information:
   This is a restricted examination. Candidates are allowed access to specific materials during the examination. The only materials that candidates may use in the restricted examination
for this course are: writing materials (non-electronic and free from material which could
give the student an unfair advantage in the examination); and calculators which cannot
hold textual information (students must indicate on their examination paper the make and
model of any calculator(s) they use during the examination). Students are not permitted
to take mobile telephones, pagers or other electronic means of communication into the
examination room.

7 Examination period when Deferred/Supplementary examinations will be held:
Any Deferred or Supplementary examinations for this course will be held during the next
examination period.

8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6 Assessment, and 5.10 Student
Academic Misconduct for further information and to avoid actions which might contravene
university regulations. These regulations can be found at
http://www.usq.edu.au/corporateservices/calendar/part5.htm. Students should also read
the Faculty of Business Policies and Procedures which can be found at

ASSESSMENT NOTES

1 Assignments: (i) The due date for an assignment is the date by which a student must submit
the assignment to the USQ. (ii) Students must retain a copy of each assignment submitted
for assessment. This must be produced within 24 hours if required by the examiner. (iii)
If students submit assignments after the due date and wish to claim extenuating
circumstances then they shall provide validated documentary evidence with the assignment,
explaining the circumstances. The examiner shall consider the statement accompanying
a late assignment and decide on the outcome. (iv) Assignments are to be submitted with
the appropriate assignment cover.

2 Course weightings: Course weightings of topics should not be interpreted as applying to
the number of marks allocated to questions testing those topics in an examination paper.
The examination may test material already tested in assignments.
