SYNOPSIS
The central information challenge faced by organisations is how to get the most out of their information assets. As businesses become more complex and face an ever increasing number of regulatory requirements the task of efficiently managing the growing volume of paper and electronic records becomes more difficult. Research shows this critical business information is expensive to collect, often unreliable, and increasingly out of control. Administrative managers need a sound knowledge of information management methods and technologies. This course provides an overview of the scope and complexities of administrative management of records whether paper, microform or electronic.

OBJECTIVES
The course objectives define the student learning outcomes for a course. The assessment item/s that may be used to assess student achievement of an objective is/are shown in parentheses after each objective. On successful completion of this course, students should be able to:

1. explain the organisational role of information management with a focus on records, document and archival management (Assignment 1, Assignment 2, Examination)
2. define and discuss records management, corporate risk and corporate governance and the relationship between them (Assignment 1, Assignment 2, Examination)
3. describe the relationship between information management and the management of other organisational assets (Assignment 1, Assignment 2, Examination)
4. discuss the issue of compliance in the recordkeeping environment (Assignment 1, Assignment 2, Examination)
5. discuss the concept of best practice in relation to information management (Assignment 1, Assignment 2, Examination)
6. evaluate information management needs and develop solutions (Assignment 1, Assignment 2, Examination)
7. outline a number of methods of records classification and indexing (Assignment 1, Assignment 2, Examination)
8. discuss records appraisal and disposal (Assignment 1, Assignment 2, Examination)
9. discuss issues relating to the creation and capture of records (Assignment 1, Assignment 2, Examination)
10. discuss procedures involved in developing a protection plan for vital records (Assignment 1, Assignment 2, Examination)
11. discuss the management of archival records (Assignment 1, Assignment 2, Examination)
12. critically assess a number of alternatives for records storage (Assignment 1, Assignment 2, Examination)
13. critically assess the impact of technology on the information management function (Assignment 1, Assignment 2, Examination).

**NOTES**

1. The examination is scheduled to be held in the end-of-semester examination period. Students will be advised of the official examination date after the timetable has been finalised.

**IMPORTANT ASSESSMENT INFORMATION**

1. Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.
2 Requirements for students to complete each assessment item satisfactorily:
To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)

3 Penalties for late submission of required work:
If students submit assignments after the due date without prior approval then a penalty of 20% of the total marks available for the assignment may apply for each working day late.

4 Requirements for student to be awarded a passing grade in the course:
To be assured of receiving a passing grade a student must submit all of the assessment items, achieve at least 50% for the examination and at least 50% of the total weighted marks available for the course.

5 Method used to combine assessment results to attain final grade:
The final grades for students will be assigned on the basis of the aggregate of the weighted marks obtained for each of the summative assessment items in the course.

6 Examination information:
This is a closed examination. Candidates are allowed to bring only writing and drawing instruments into the examination.

7 Examination period when Deferred/Supplementary examinations will be held:
Any Deferred or Supplementary examinations for this course will be held during the next examination period.

8 University Regulations:
Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL http://www.usq.edu.au/corporateservices/calendar/part5.htm. Students should also read the Faculty of Business Guide to Policies and Procedures of the Faculty which can be found at the URL http://www.usq.edu.au/handbook/current/buspolproc.html.

**ASSESSMENT NOTES**

9 Assignments: (i) The due date for an assignment is the date by which a student must submit the assignment to the USQ. (ii) Students must retain a copy of each item submitted for assessment. This must be produced within 24 hours if required by the examiner. (iii) In accordance with university policy, the examiner may grant an extension of the due date of an assignment in extenuating circumstances. (iv) In the event that a due date for an assignment falls on a local public holiday in their area, such as a show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the examiner's convenience.

10 Course weightings: Course weightings of topics should not be interpreted as applying to the number of marks allocated to questions testing those topics in an examination paper.
