RATIONALE
Mechanisms created in the past designed to contain organisations and peoples within confined geographical boundaries are decreasing in their effectiveness. Australia is increasingly part of a ‘borderless world’. A counterrtrend is that global trade is becoming increasingly regionalised. Thus the future of global business is in a state of flux and these uncertainties pose serious challenges for managers and entrepreneurs. To meet these challenges a manager can equip him/herself with an array of intellectual tools that can be used as the basis of developing effective business strategies to be competitive in the future. This means managers are required not only to understand the international marketing environment, but also to be able to develop and implement business strategies that can predict and cope with potential threats and capitalise on opportunities. In this course, we develop frameworks for analysing the international marketing environment and skills to formulate these into effective marketing strategies. Effective management of these strategies require not only a broad view of the business environment but also the ability to act in a local and timely manner that is effective in developing and holding a strong competitive position.

SYNOPSIS
International Marketing Strategy will provide students with a set of tools for working in the international environment and assist in developing business and marketing strategies. Topics included are: the international business environment, trade theories, international business intelligence (and marketing segmentation), market entry strategies, the international marketing mix and international business strategy formulation and implementation. Contemporary research
includes cross-national business relations (in relationship marketing), industrial marketing networks and business negotiations in a cross cultural environment and ethics.

2 Requirements for students to complete each assessment item satisfactorily:
   To satisfactorily complete an individual assessment item a student must achieve at least
   50% of the marks. (Depending upon the requirements in Statement 4 below, students may
   not have to satisfactorily complete each assessment item to receive a passing grade in this
   course.)

ASSESSMENT NOTES

1 Assignments: (i) The due date for an assignment is the date by which a student must
   despatch the assignment to the USQ. The onus is on the student to provide proof of the
   despatch date, if requested by the examiner. (ii) Students must retain a copy of each item
   submitted for assessment. This must be produced within 24 hours if required by the
   examiner. (iii) The examiner may grant an extension of the due date of an assignment in
   extenuating circumstances. Applications for extensions should be in writing and must
   include supporting documentary evidence. Extensions are only granted in unforeseen and
   uncontrollable circumstances. The examiner shall consider all documentary evidence
   (including statement from a doctor, employer, counsellor or independent member of the
   community as appropriate) accompanying an application for extension and decide on the
   outcome. Length of extensions: Up to one week's extension (five working days) may be
   granted if a signed statement with supporting documentation is sent with the assignment,
   proving that an unforeseen and uncontrollable circumstance caused the delay, for example
   unusual and unpredictable work or family commitments. If the signed statement and
supporting documentation does not show that unforeseen and uncontrollable circumstances were present for the days claimed, then the normal reduction in marks for a late assignment of 20% per working day will apply. Extensions beyond one week are not allowed unless express permission is obtained from the examiner. Extensions beyond one week are only granted in extreme circumstance because model answers may be distributed after this time. If you are likely to require an extension for a longer period than one week, you must contact the examiner for advice. In most cases, you will be required to complete an alternative make-up assignment. However, make-up assignments are only granted if you have passed all other pieces of assessment for the course. Medical extensions: In the case of an application for extension for medical reasons, the documentation should include a statement from a doctor stating: the date the medical condition began or changed; how the condition affected the student's ability to study; when it became apparent that the student could not submit the assignment. As a rule, you will be granted an extension for the number of working days covered on a medical certificate. In the case of a medical extension, you do not need to contact the examiner unless you require an extension of longer than one week. Extensions for family/personal reasons: In the case of an application for extension for family/personal reasons, the documentation should include a statement from a doctor, counsellor or independent member of the community stating: the date the student's personal circumstances began or changed; how the circumstances affected the student's ability to complete the assignment; when it became apparent that the student could not complete the assignment. In the case of an extension for family/personal reasons you must contact the examiner before the due date to discuss the reason for the extension and to negotiate the length of an extension if granted. Extensions for employment-related reasons: In the case of an application for extension for employment-related reasons, the documentation should include a statement from the student's employer stating: the date the student's employment began or the conditions of employment changed; how this prevents the student from completing the assignment. In the case of an extension for employment-related reasons you must contact the examiner before the due date to discuss the reason for the extension and to negotiate the length of an extension if granted. (iv) The examiner will normally only accept assessments that have been written, typed or printed on paper-based media. (v) The examiner will not accept submission of assignments by facsimile. (vi) Students who do not have regular access to postal services or who are otherwise disadvantaged by these regulations may be given special consideration. They should contact the examiner of the course to negotiate such special arrangements. (vii) In the event that a due date for an assignment falls on a local public holiday in their area, such as a show holiday, the due date for the assignment will be the next day. Students are to note on the assignment cover the date of the public holiday for the examiner's convenience.

2 Text books: It is the responsibility of the student to acquire a copy of the text book as soon as their enrolment in the course has been confirmed. Extensions will not be granted on the basis of the student not having a copy of the text, if the text is available from the USQ Bookshop.

3 Word count on assignments: Students must put the 'word count' for their assignment on the front page of the assignment. The word count is the number of words in the body of the assignment report and does not include the title, executive summary, list of references or appendices. To grade an assignment a marker does not need to read more words than the word limit of the assignment.

4 Make-up work: Students who have undertaken all of the required assessments in a course but who have failed to meet some of the specified objectives of a course within the normally prescribed time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will only be awarded when, in the opinion of the examiner, a student will be
able to achieve the remaining objectives of the course after a period of non-directed personal study.

5 Deferred work: Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. A temporary grade of IDM (Incomplete Deferred Make-up) may be awarded.
