Student contribution band: 1
ASCED code: 090701

STAFFING
Examiner: Murray Thompson
Moderator: Andrea Lamont-Mills

REQUISITES
Pre-requisite: PSY4001 and Students must be enrolled in Program BSCH in Psychology major (12302)

RATIONALE
Psychologists in professional practice or research must be able to conduct a substantial empirical scientific study concerning the application of psychological knowledge and techniques and then write a report of sufficient academic rigour to be published and distributed such that they are worthy of the consideration of their professional colleagues.

SYNOPSIS
This is the second of two courses that contribute towards the Psychology Honours Project. The overall project will involve an individual piece of research in a selected area of psychology in which information concerning an approved research topic is gathered, organised, analysed and discussed in a critical and evaluative manner. The study requires advanced knowledge of statistics and research methodology. In this second course, students will continue working on the research project that was approved in Psychology Honours Project 1 and submit their final dissertation.

OBJECTIVES
On completion of this course students will be able to:
1. demonstrate analytical and critical thinking about the chosen research topic and related issues within the discipline of psychology (Dissertation);
2. demonstrate competence in each component of scientific research procedures; namely, identifying research problems, formulating hypotheses, defining variables, collecting data, analysing data using appropriate quantitative or qualitative techniques, interpreting data, and drawing conclusions (Dissertation);
3. competently present the literature review, methodology, results, and discussion in the format of a dissertation that follows the guidelines of the American Psychological Association (Dissertation).

### TEXT and MATERIALS required to be PURCHASED or ACCESSED

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at http://bookshop.usq.edu.au click 'Semester', then enter your 'Course Code' (no spaces).

### REFERENCE MATERIALS

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

### IMPORTANT ASSESSMENT INFORMATION

1. Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as workshops and consultation with supervisor) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2. Requirements for students to complete each assessment item satisfactorily:
   To be assured of a Passing grade, a student must receive at least 50% of the marks for the dissertation.
3 Penalties for late submission of required work:
   Please see the detailed extension policy contained in the 2007 Fourth Year Handbook.
   This is available from http://psych.sci.usq.edu.au/teaching/Honours

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must achieve at least 50% of the total
   weighted marks available for the course.

5 Method used to combine assessment results to attain final grade:
   The final grade will be assigned on the basis of the mark obtained for the dissertation.

6 Examination information:
   There is no examination in this course.

7 Examination period when Deferred/Supplementary examinations will be held:
   As there were no examinations in this course there will be no Deferred or Supplementary
   examinations.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10
   Academic Misconduct for further information and to avoid actions which might contravene
   University Regulations. These regulations can be found at the URL
   http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ
   Handbook.

ASSESSMENT NOTES

9 The due date for an assignment is the date by which a student must despatch the assignment
   to the USQ. The onus is on the student to provide proof of the despatch date, if requested
   by the Examiner.

10 Students must retain a copy of each item submitted for assessment. This must be produced
    within five days if required by the Examiner.

11 The supervisor and student may negotiate extensions for the completion of work associated
    with the objectives. However, such extensions would usually only be given if there were
    extenuating circumstances beyond the student's control. If extenuating circumstances are
    likely to severely disrupt the student's progress, the student and supervisor should inform
    the examiner as soon as possible so that suitable options can be discussed. Please see the
    extension policy in the 2007 Fourth Year Handbook.

12 The Faculty will normally only accept assessments that have been written, typed or printed
    on paper-based media.

13 The Faculty will NOT accept submission of assignments by facsimile.

14 Students who do not have regular access to postal services or who are otherwise
    disadvantaged by these regulations may be given special consideration. They should
    contact the examiner of the course to negotiate such special arrangements.

15 In the event that a due date for an assignment falls on a local public holiday in their area,
    such as a Show holiday, the due date for the assignment will be the next day. Students are
    to note on the assignment cover the date of the public holiday for the Examiner's
    convenience.

16 Students who have undertaken all of the required assessments in a course but who have
    failed to meet some of the specified objectives of a course within the normally prescribed
    time may be awarded the temporary grade: IM (Incomplete - Make up). An IM grade will
    only be awarded when, in the opinion of the examiner, a student will be able to achieve
    the remaining objectives of the course after a period of non directed personal study.
17 Students who, for medical, family/personal, or employment-related reasons, are unable to complete an assignment at the scheduled time may apply to defer an assessment in a course. Such a request must be accompanied by appropriate supporting documentation. The following temporary grade may be awarded: IDM (Incomplete Deferred Make-up).

OTHER REQUIREMENTS

1 Students are strongly advised to maintain regular contact with their supervisor. Students should carefully read the information pertaining to the supervisor-student relationship contained in the 2007 Psychology 4th year handbook. Students need email and internet access to complete their project.
