Moderator: Des Coates

REQUISITES
Pre-requisite: PSY8140

RATIONALE
The third practicum course is designed to provide students with an opportunity for independent practice with supervision within their respective discipline specialisation that is commensurate with the level of performance of a competent and highly professional Psychologist.

SYNOPSIS
Assessment of the student's evaluations and skill development in Practicums 1 and 2 will determine areas within which the student is capable of independent practice within a structured setting. Students who have interests in areas where they have not had the opportunity to train will be able to address some of their time to that area if an appropriate setting is available. However, the primary goal is to prepare the student for entry into the psychology profession.

OBJECTIVES
On successful completion of this course, students will be able to demonstrate, with minimal supervision, competencies as identified in the APS Competencies for Psychologists (1996): Framing, measuring and solving problems; service implementation; professional legal and ethical approach, communication; and professional and community relations. The specific content of the Practicum will include skills as identified in the respective College Competency documents for Sport Psychology and Health Psychology. That is students will be able to:

1. formulate questions to guide assessment and intervention (Mid-Practicum Interview and Final Practicum Evaluation);
2. plan, conduct, and evaluate assessment case studies at individual, group and organisational levels (Mid-Practicum Interview and Final Practicum Evaluation);
3. plan, conduct and evaluate intervention case studies at individual, group and organisational levels (Mid-Practicum Interview and Final Practicum Evaluation);
4. demonstrate a working knowledge of the role of psychological assessments and interventions within a multidisciplinary team (Mid-Practicum Interview and Final Practicum Evaluation);
5. construct and present individual and organisational reports in oral and written formats appropriate to the setting (Mid-Practicum Interview and Final Practicum Evaluation);
6. demonstrate insightful self-analysis of their clinical intervention expertise (Critical Case Review).

**TEXT and MATERIALS required to be PURCHASED or ACCESSED**

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at http://bookshop.usq.edu.au click 'Semester', then enter your 'Course Code' (no spaces).

**REFERENCE MATERIALS**

Reference materials are materials that, if accessed by students, may improve their knowledge and understanding of the material in the course and enrich their learning experience.

Directed reading as assigned and recorded in the Goals and Objectives Form. Students will consult relevant Psychological Journals.

### IMPORTANT ASSESSMENT INFORMATION

1. Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as practicum seminars and supervisor consultations) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2. Requirements for students to complete each assessment item satisfactorily:
   To obtain a satisfactory standard on the final placement evaluation of the University and setting supervisors, the student must obtain a satisfactory rating on all of the assessment criteria which are predicated on the Goals and Objectives Form and indicated on the Practicum Evaluation Form.

3. Penalties for late submission of required work:
   Not applicable.

4. Requirements for student to be awarded a passing grade in the course:
   To receive a passing grade in this course students must complete the required hours of Practical Experience as organized by the Psychology Practicum Coordinator and obtain a satisfactory standard on the Final Practicum Evaluation.

5. Method used to combine assessment results to attain final grade:
   As P is the only passing grade available for this course, all students who are qualified for a passing grade as in Assessment 4 will be given a grade of P. Other students will be given either a Failing grade or an Incomplete grade.

6. Examination information:
   There is no examination in this course.

7. Examination period when Deferred/Supplementary examinations will be held:
   There will be no Deferred or Supplementary examinations in this course.

8. University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10 Academic Misconduct for further information and to avoid actions which might contravene University Regulations. These regulations can be found at the URL http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ Handbook.

### ASSESSMENT NOTES

9. At the start of the Practicum a contract will be drawn up between the on-campus supervisor, the setting supervisor and the student regarding supervisory and placement requirements.

10. An outline of the goals and objectives for the practicum will be completed by the setting supervisor and the student within completion of the first 80 hours of practicum. Goals
need to specify assessment, intervention and professional competencies listed by the appropriate APS College and by the Psychologists Board of Queensland.

11 A record of all practicum activity hours and supervision must be maintained by students in log books (see Practicum Guidelines Booklet for details).

12 Written reports and assignments will be as designated in the Goals form.

13 Supervision meetings will be held with setting and academic supervisors as in the Practicum Contract.

14 Assessment 1 is a Mid-Practicum Interview with Supervisors in the setting to determine the student’s progress.

15 Assessment 2 is a Final Practicum Evaluation from the setting supervisor based on predetermined criteria for each practicum goal.

16 The examiner may grant an extension of the due date of a practicum in extenuating circumstances.

17 Students will require access to email and internet access to USQConnect for this course.

18 The due date for an assignment is the date by which a student must despatch the assignment to the USQ. The onus is on the student to provide proof of the despatch date, if requested by the Examiner.
