Examiner: Peter Gibbings
Moderator: Glenn Campbell

SYNOPSIS
Many professionals such as engineers, land economists and surveyors are engaged in the development industry and therefore require a sound knowledge of the principles and practice of sustainable urban design and development. This course gives students a basic understanding of the principles and practice of town planning. It then provides students with a knowledge of the current principles of urban design as practiced in urban and regional Australia, such as the Performance Based Approach used in AMCORD. Finally the development process is studied, with particular emphasis on the subdivision of land. The two major assignments enable the student to develop, practice, and be assessed on their design skills, particularly those relating to developments that will house communities of less than 5000 people.

OBJECTIVES
The course objectives define the student learning outcomes for a course. The assessment item(s) that may be used to assess student achievement of an objective are shown in parenthesis. On completion of this course, students should be able to:

1. discuss the evolution of urban design (Exam);
2. demonstrate a knowledge and understanding of performance based urban design principles and practice by completing a neighbourhood design (Assignment 1);
3. describe the purpose of the various components of a town planning scheme (Exam);
4. describe the steps in the local government development assessment process (Exam);
5. apply the principles of modern subdivision design to complete a design for a new precinct (Assignment 2);
6. demonstrate an understanding of the terminology used in performance based design guidelines and town planning documents (Assignment 1, Assignment 2 and Exam);
7. Demonstrate an understanding of sustainable development principles and practice (Assignment 1, Assignment 2 and Exam).

TEXT and MATERIALS required to be PURCHASED or ACCESSED

ALL textbooks and materials are available for purchase from USQ BOOKSHOP (unless otherwise stated). Orders may be placed via secure internet, free fax 1800642453, phone 07 46312742 (within Australia), or mail. Overseas students should fax +61 7 46311743, or phone +61 7 46312742. For costs, further details, and internet ordering, use the 'Textbook Search' facility at http://bookshop.usq.edu.au click 'Semester', then enter your 'Course Code' (no spaces).

NOTES

1. Student Administration will advise students of the dates of their examinations during the semester.

IMPORTANT ASSESSMENT INFORMATION

1 Attendance requirements:
   It is the students' responsibility to attend and participate appropriately in all activities (such as lectures, tutorials, laboratories and practical work) scheduled for them, and to study all material provided to them or required to be accessed by them to maximise their chance of meeting the objectives of the course and to be informed of course-related activities and administration.

2 Requirements for students to complete each assessment item satisfactorily:
   To satisfactorily complete an individual assessment item a student must achieve at least 50% of the marks or a grade of at least C-. (Depending upon the requirements in Statement 4 below, students may not have to satisfactorily complete each assessment item to receive a passing grade in this course.)

3 Penalties for late submission of required work:
   If students submit assignments after the due date without prior approval then a penalty of 5% of the total marks available for the assignment will apply for each working day late.

4 Requirements for student to be awarded a passing grade in the course:
   To be assured of receiving a passing grade a student must achieve at least 30% in all of the weighted assessment items, achieve at least 50% of the total weighted marks allocated for the assignments, achieve at least 40% in the examination, and at least 50% of the total weighted marks available for the course.

5 Method used to combine assessment results to attain final grade:
   The final grades for students will be assigned on the basis of the weighted aggregate of the marks (or grades) obtained for each of the summative assessment items in the course.
6 Examination information:
   In a Closed Examination, candidates are allowed to bring only writing and drawing
   instruments into the examination.

7 Examination period when Deferred/Supplementary examinations will be held:
   Any Deferred or Supplementary examinations for this course will be held during the
   examination period at the end of the semester of the next offering of this course.

8 University Regulations:
   Students should read USQ Regulations 5.1 Definitions, 5.6. Assessment, and 5.10
   Academic Misconduct for further information and to avoid actions which might contravene
   University Regulations. These regulations can be found at the URL
   http://www.usq.edu.au/corporateservices/calendar/part5.htm or in the current USQ
   Handbook.

ASSESSMENT NOTES

1 The due date for an assignment is the date by which a student must despatch the assignment
   to the USQ. The onus is on the student to provide proof of the despatch date, if requested
   by the Examiner.

2 Students must retain a copy of each item submitted for assessment. This must be despatched
   to USQ within 24 hours if required by the Examiner.

3 In accordance with University's Assignment Extension Policy (Regulation 5.6.1), the
   examiner of a course may grant an extension of the due date of an assignment in extenuating
   circumstances.

4 The Faculty will normally only accept assessments that have been written, typed or printed
   on paper-based media.

5 The Faculty will NOT accept submission of assignments by facsimile.

6 Students who do not have regular access to postal services or who are otherwise
   disadvantaged by these regulations may be given special consideration. They should
   contact the examiner of the course to negotiate such special arrangements.

7 In the event that a due date for an assignment falls on a local public holiday in their area,
   such as a Show holiday, the due date for the assignment will be the next day. Students are
   to note on the assignment cover the date of the public holiday for the Examiner's
   convenience.

8 Students who have undertaken all of the required assessments in a course but who have
   failed to meet some of the specified objectives of a course within the normally prescribed
   time may be awarded one of the temporary grades: IM (Incomplete - Make up), IS
   (Incomplete - Supplementary Examination) or ISM (Incomplete -Supplementary
   Examination and Make up). A temporary grade will only be awarded when, in the opinion
   of the examiner, a student will be able to achieve the remaining objectives of the course
   after a period of non directed personal study.

9 Students who, for medical, family/personal, or employment-related reasons, are unable
   to complete an assignment or to sit for an examination at the scheduled time may apply
   to defer an assessment in a course. Such a request must be accompanied by appropriate
   supporting documentation. One of the following temporary grades may be awarded IDS
   (Incomplete - Deferred Examination; IDM (Incomplete Deferred Make-up); IDB
   (Incomplete - Both Deferred Examination and Deferred Make-up).

OTHER REQUIREMENTS

1 Students will require access to e-mail and internet access to USQConnect for this course.
