

Associate Degree of Medical Laboratory Science (AMLS) - AssocDeg MedLabSc

QTAC code (Australian and New Zealand applicants): Toowoomba campus: 906921; External: 906925

CRICOS code (International applicants): 098993K

	On-campus [^]	External [^] @
Semester intake:	Semester 1 (February) Semester 2 (July)	Semester 1 (February) Semester 2 (July)
Campus:	Toowoomba	-
Fees:	Commonwealth supported place Domestic full fee paying place International full fee paying place	Commonwealth supported place Domestic full fee paying place International full fee paying place
Standard duration:	2 years full-time, 4 years part-time	
Program articulation:	To: Bachelor of Medical Laboratory Science	

Footnotes

[^] Semester 2 entry is only available part-time, therefore is not suitable for international students who wish to study full-time on-campus.

@ The external offering is available to international students residing in Australia but there are mandatory and highly recommended residential schools at a USQ campus.

Program aims

The Associate Degree of Medical Laboratory Science aims to provide education and training for medical technicians and or technical officers to service the public and private medical pathology laboratory industry. A secondary aim is to provide graduates that will be able to play a role in the biomedical arena including research, technical, advisory and commercial roles.

Program objectives

On completion of this program, students should be able to:

- apply a broad theoretical and practical knowledge in the medical laboratory sciences.
- collect, organise, analyse and interpret foundational medical laboratory science literature and basic laboratory data using appropriate experimental, computational, statistical and technological approaches.
- exhibit foundational scientific literacy and oral, written and digital communication skills to explain broad medical laboratory science concepts to a range of audiences.
- apply practical laboratory and technical skills to generate accurate scientific data.
- work independently or collaboratively in teams to analyse issues and develop appropriate solutions to problems across a range of cultural, institutional, national and global contexts.
- apply fundamental ethical, professional and workplace health and safety standards in clinical and research laboratories.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 06. Graduates at this level will have broad knowledge and skills for paraprofessional/highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View USQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Have achieved a minimum Overall Position (OP) **16**, tertiary entrance rank **66** or equivalent qualification.[^]
- English Language Proficiency requirements for Category 2.

Applicants are advised to also note the following:

- **Assumed knowledge** expectations: English; Mathematics A
- Recommended prior study: One of Biological Science, Chemistry or Science21 (4,SA) or equivalent.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

[^] These are determined by the University for specific programs each Semester. The 2019 OP and tertiary entrance ranks are based on agreed QTAC schedules which assess formal study at Year 12 or [equivalent level](#), tertiary, preparatory, professional or vocational qualifications or work experience, as detailed in the QTAC Assessment of Qualifications Manual and QTAC Assessor Guidelines.

Special admissions may help you get into the program of your choice by increasing your Selection Rank. The additional points don't apply to all applicants or all programs. Please read the information about USQ's [Special Admissions](#) carefully to find out what you may be eligible for.

Requirements for professional experience placements

Practical experience is an integral component of the program and each student is required to undertake and satisfactorily complete 48 days of practical experience in Australia.

Progression into practical courses is dependent upon a pass grade in theoretical and other practical courses which have been set as prerequisites.

Applicants must be willing to undertake and submit the requirements of the University of Southern Queensland and Queensland Health for practical placement. Please refer to the applicable [Professional Practice Experience Handbook](#) for Associate Degree of Medical Laboratory Science students.

Mandatory documents required prior to commencing ANY clinical placements in the program:

- USQ Student Declaration

- Queensland Health Student Orientation Checklist
- Queensland Health Student Deed Poll
- Queensland Health iLearn Modules
- Pathology QLD Visitor Confidentiality Protocol
- AUSLAB Clinical WILS Student Access
- QML Online Induction Certificate

All students must also provide the following immunisation evidence prior to commencing clinical placements:

- Hepatitis B seroconversion
- Measles, Mumps, and Rubella immunisation evidence
- Varicella immunisation evidence
- Pertussis immunisation evidence

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The program comprises 16 core courses.

Course	Semester(s) offered	Mode
BIO1203 Human Anatomy and Physiology 1 *	1,3	ONC, EXT
BIO1103 Pathology Studies	1	ONC, ONL
CHE1110 Chemistry 1 *	1	ONC, EXT
BIO1204 Introduction to Biomedical Sciences *	1	ONC, EXT
BIO1104 Medical Microbiology and Immunology 1 *	2	ONC, EXT
CHE2120 Chemistry 2 *	2	ONC, EXT

STA1003 Fundamental Statistics	1,2,3	ONC, ONL
BIO1205 Pathology Clinical Placement 1 ^	2	ONC
BIO2104 Molecular Diagnostics 1 +	1	ONC, EXT
BIO2105 Pathology Clinical Placement 2 ^	1	ONC
BIO2106 Medical Microbiology and Immunology 2 +	2	ONC, EXT
BIO2108 Haematology 1 +	1	ONC, EXT
BIO2214 Pathology Clinical Placement 3 ^	2,3	ONC
BIO2215 Clinical Biochemistry 1 +	1	ONC, EXT
BIO2216 Histopathology and Cytology 1 ~	2	EXT
BIO2217 Transfusion Science ~	2	EXT

Footnotes

- * Highly recommended residential school
- ^ Clinical placement
- + Mandatory residential school (ONC students and EXT students attend Residential School)
- ~ Mandatory residential school

Required time limits

Students have a maximum of 6 years to complete this program.

IT requirements

Students should visit the USQ [minimum computing standards](#) to check that their computers are capable of running the appropriate software and versions of Internet web browsers and to check the minimum and recommended standards for software.

Residential schools

The attendance requirement of residential schools within this degree is indicated by the following letters: V = Voluntary; O = Optional; C = Compulsory; R = Recommended; HR = Highly Recommended; M = Mandatory. To find out more about [residential schools](#), visit the [Residential School Schedule](#) to view specific dates for your degree, or visit the [Policy and Procedure Library](#).

The following courses include residential schools:

- [BIO1104 Medical Microbiology and Immunology 1](#)
- [BIO1203 Human Anatomy and Physiology 1](#)
- [BIO1204 Introduction to Biomedical Sciences](#)
- [CHE1110 Chemistry 1](#)
- [CHE2120 Chemistry 2](#)
- [BIO2104 Molecular Diagnostics 1](#)
- [BIO2106 Medical Microbiology and Immunology 2](#)
- [BIO2108 Haematology 1](#)
- [BIO2215 Clinical Biochemistry 1](#)
- [BIO2216 Histopathology and Cytology 1](#)
- [BIO2217 Transfusion Science](#)

Articulation

The Associate Degree of Medical Laboratory Science will articulate into the [BMLS Bachelor of Medical Laboratory Science](#) if students have followed the recommended enrolment pattern.

Credit

Exemptions/credit will be assessed based on the [USQ Credit and Exemption Procedure](#).

Enrolment

Progression

Students are advised to consult with student support usq.support@usq.edu.au in situations where their progression is affected either by failure in pre-requisite courses, or where they choose a part-time study pattern.

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.

Major study: Medical Laboratory Science								
Course	Year of program and semester in which course is normally studied						Residential school	Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (ONL)			
	Year	Sem	Year	Sem	Year	Sem		
Year 1								
CHE1110 Chemistry 1 *	1	1	1	1			HR	
BIO1103 Pathology Studies	1	1			1	1		
BIO1203 Human Anatomy and Physiology 1 *	1	1	1	1,3			HR	
BIO1204 Introduction to Biomedical Sciences *	1	1	1	1			HR	
BIO1104 Medical Microbiology and Immunology 1 *	1	2	1	2			HR	
CHE2120 Chemistry 2 *	1	2	1	2			HR	Pre-requisite: CHE1110
BIO1205 Pathology Clinical Placement 1 ^	1	2						Pre-requisite: BIO1103 Co-requisite: BIO1104
STA1003 Fundamental Statistics	1	2			1	2,3		Enrolment is not permitted in STA1003 if STA2300 or STA8170 has been previously completed.
Year 2								
BIO2215 Clinical Biochemistry 1	2	2			2	2		Pre-requisite: BIO1103 and CHE2120
BIO2216 Histopathology and Cytology 1 +			2	1			M	Pre-requisite: BIO1103
BIO2105 Pathology Clinical Placement 2 ^	2	1						Pre-requisite: BIO1205
BIO2104 Molecular Diagnostics 1 ~	2	1	2	1			M	Pre-requisite: BIO1104 and BIO1203 and BIO1204
BIO2108 Haematology 1 ~	2	1	2	1			M	Pre-requisite: BIO1103 and BIO1104
BIO2214 Pathology Clinical Placement 3 ^	2	2,3						Pre-requisite: BIO2105
BIO2216 Histopathology and Cytology 1 +			2	1			M	Pre-requisite: BIO1103
BIO2215 Clinical Biochemistry 1	2	2			2	2		Pre-requisite: BIO1103 and CHE2120
BIO2217 Transfusion Science +			2	2			M	Pre-requisite: BIO1103 and BIO2108
BIO2106 Medical Microbiology and Immunology 2 ~	2	2	2	2			M	Pre-requisite: BIO1104

Footnotes

- * Each of these courses has highly recommended residential schools. Candidates with evidence of Recognised Prior Learning (RPL) may seek exemption from some courses and/or residential schools in the 1st year of the program.
- ^ Current employees of pathology service providers with a minimum of 2 years full-time or equivalent relevant technical experience may seek exemption from Pathology Clinical Placements courses 1 to 3 on the basis of approved industrial experience.
- + Mandatory residential school.
- ~ Mandatory residential school (On-campus students and external students attend Residential School).
