## Professional accreditation

The Bachelor of Laws has been accredited by the [Legal Practitioners Admissions Board, Queensland](#), and the Chief Justice of the Supreme Court of Queensland as an approved academic qualification under the *Supreme Court (Admission) Rules 2004* (Qld). This will partially satisfy the requirements to practise as a solicitor or barrister in Queensland, or as a legal practitioner elsewhere in Australia. Intending solicitors and barristers must also complete an approved practical legal training course in order to become admitted to practise law. USQ does not offer practical legal training, but advice on practical legal training programs can be obtained through [Ask USQ](#).

## Program aims

The Bachelor of Arts and Bachelor of Laws double degree aims to produce graduates who meet the aims and objectives of both the Bachelor of Arts and the Bachelor of Laws. The Bachelor of Arts and Bachelor of Laws double degree offers students the benefit of exposure to multiple disciplines.

## Program objectives

### Bachelor of Arts

On successful completion of the Bachelor of Arts, students should be able to:

- productively transfer discipline-based competencies in the Humanities and Social Sciences to further learning and professional contexts
- critically evaluate multiple sources of evidence in developing their own individual viewpoint
- clearly and coherently present ideas and logical arguments in a range of modes that are fit for purpose
- act as responsible, ethical citizens based on respect for diversity of cultures and peoples, both locally and globally
- apply relevant theories to researching, planning, and achieving effective solutions to complex problems
- participate both autonomously and collaboratively in informed debates, discussions and activities to produce new ideas, processes and artefacts.

### Bachelor of Laws

On successful completion of the Bachelor of Laws, students will be able to:

- demonstrate an understanding of a coherent body of knowledge that includes the fundamental areas of law, the Australian legal system, and underlying principles and concepts (including international and comparative contexts), the broader contexts within which legal issues arise, and the principles and values of justice and of ethical practice in lawyers' roles
- recognise ethical and justice related issues that are likely to arise in the legal professional context, an understanding of approaches to ethical decision making, and the developing ability to respond appropriately to ethical and justice related issues, and exercise professional judgment
- demonstrate how to identify and formulate legal issues, apply legal reasoning and research to generate appropriate responses to legal problems, engage in critical analysis and make a reasoned choice between alternatives, and think creatively in approaching and generating solutions to legal problems
- demonstrate the intellectual and practical skills needed to identify, research, evaluate and synthesise relevant factual, legal, and policy issues
- use appropriate means, including technology, to engage and communicate effectively and persuasively, both orally and in writing, with lawyers and non lawyers, and to collaborate effectively and constructively with others
- demonstrate the ability to learn and work independently; and reflect on and assess their own capabilities and performance, and seek and make use of feedback as appropriate, to determine personal and professional development needs and achievements.

## Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 07. Graduates at this level will have broad and coherent knowledge and skills for professional work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting [www.aqf.edu.au](http://www.aqf.edu.au).
