Professional accreditation

The Juris Doctor has been accredited by the [Legal Practitioners Admissions Board, Queensland](#), and the Chief Justice of the Supreme Court of Queensland as an approved academic qualification under the *Supreme Court (Admission) Rules 2004 (Qld)*. It has also been approved by the Australian Law Schools Standards Committee under the Standards for Australian Law Schools adopted by the Council of Australian Law Deans. This degree will partially satisfy the requirements to practise as a lawyer in Queensland or elsewhere in Australia. Intending lawyers (whether barristers or solicitors) must also complete an approved practical legal training course in order to become admitted to practise law. Advice on practical legal training programs can be obtained through [Ask USQ](#).

Program aims

The Juris Doctor is a graduate entry program (for holders of non-law bachelor degrees) that provides students with the opportunity for a comprehensive study of law. The program aims to equip students with an academic qualification for professional practice. Not all law graduates aspire to a career in legal practice, but the specialised capabilities that a legal education can offer enhances their capacity to pursue many other possible careers. The program provides opportunities for students to develop advanced skills in analysis, problem-solving, communication, dispute-resolution, ethical decision-making, research and critical thinking - and engage with varying theories and perspectives on the law and the broader contexts for its operation. The program includes a particular focus on the development of high-level applied research skills.

Program objectives

Upon completion of the Juris Doctor students will be able to:

- demonstrate an advanced and integrated understanding of a complex body of knowledge that includes: the fundamental areas of legal knowledge, the Australian legal system and underlying principles and concepts (including Indigenous, international and comparative contexts); the broader contexts within which legal issues arise; the principles and values of justice and of ethical practice in lawyers' roles; and contemporary developments in law, and its professional practice (JD TLO 1)

- demonstrate an advanced and integrated understanding of approaches to ethical decision-making, an ability to recognise and reflect upon (and a developing ability to respond to) ethical issues likely to arise in professional contexts, an ability to recognise and reflect upon the professional responsibilities of lawyers in promoting justice and in service to the community, and a developing ability to exercise professional judgement (JD TLO 2)
- identify and articulate complex legal issues, apply legal reasoning and research to generate appropriate jurisprudential and practical responses to legal issues, engage in critical analysis and make reasoned and appropriate choices amongst alternatives, and demonstrate sophisticated cognitive and creative skills in approaching legal issues and generating appropriate responses (JD TLO 3)
- demonstrate the intellectual and practical skills needed to justify and interpret theoretical propositions, legal methodologies, conclusions and professional decisions, as well as to identify, research, evaluate and synthesise relevant factual, legal, and policy issues (JD TLO 4)
- communicate in ways that are effective, appropriate and persuasive for legal and non-legal audiences, and collaborate effectively (JD TLO 5)
- learn and work with a high level of autonomy, accountability and professionalism and reflect on and assess their own capabilities and performance, and make use of feedback as appropriate, to support personal and professional development (JD TLO 6)
- explain the legislative process and identify applicable legislation and delegated legislation, apply general principles of statutory interpretation, make appropriate use of authorised aids to statutory interpretation, and deploy appropriate techniques in the course of solving interpretative problems
- reflect on and articulate Aboriginal and Torres Strait Islander perspectives in key areas of law in order to develop an understanding of Aboriginal and Torres Strait Islander cultures, values, histories and contributions to Australian society, demonstrate an appreciation of Aboriginal and Torres Strait Islander legal issues in an Australian context, and critically reflect on the responsiveness of western law to Indigenous histories, values and needs.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian university three-year Bachelor degree in an area other than law, or equivalent.
- English Language Proficiency requirements for Category 3.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Schedule](#)
